## 1. Policy Statement

Valdosta State University is committed to the welfare of its students, staff, faculty, and the surrounding community. When individuals misuse alcohol, academic performance, health, personal relationships, and safety are compromised. The purpose of this policy is to manage and regulate the use of alcohol at events on campus and other areas under the control of the University whether owned or leased for University purpose.

Valdosta State University recognizes that members of the campus and surrounding communities may wish to have alcoholic beverages served at various events and functions on the University's campus or other areas under the control of the University. The University allows alcoholic beverages to be served only where it is appropriate to do so in keeping with the academic mission of the University, and only in a manner that is responsible, legal, safe, and in moderation. In accordance with these commitments, the University has adopted this Alcohol Policy for Events.

### General Guidelines

- This policy applies to all areas under the control of Valdosta State University except as specifically noted in this policy, whether such areas are owned, licensed, or leased. This policy also applies to any location which is rented or reserved by persons acting on behalf of the University, such as hotels or banquet halls used for University events.
- The approval of the [Request to Serve Alcohol at Events Form \(PDF\)](#) is at the discretion of the President or the Cabinet Member with responsibility over the Event Location (the University Official), who shall consider all relevant circumstances, including but not limited to those listed in this policy. No organization, group, or individual has the right to serve alcohol on campus. Rather, alcohol service is a privilege.
- The University reserves the right to deny any request to serve alcohol on campus if such request/event is inconsistent with the mission, policies or practices of Valdosta State University.
- The Event Sponsor of an event wherein alcohol will be served and consumed must assume direct responsibility for ensuring compliance with Valdosta State University policies. Valdosta State University strictly adheres to Georgia's liquor laws and no person may sell, furnish or give alcohol to any person under the age of 21.
- The Event Sponsor must possess an approved Request to Serve Alcohol at Events Form by the appropriate University Officials in order to serve alcohol at a campus event. In addition, it is the sole responsibility of the Event Sponsor to obtain necessary signatures from the Chief of Campus Police, and the campus food service provider (unless using outside catering) and provide a signed copy to the University representative responsible for reserving the designated University venue.
- An approved, original signed copy of the Request to Serve Alcohol at Events Form must be submitted to the facility reservations coordinator no less than 7 business days prior to the confirmed date of event to avoid cancellation.
- The Event Sponsor shall be present throughout the event and cannot consume alcoholic beverages.

## Event Security

- Each event will be evaluated by the Director of Public Safety/Chief of Police on a case-by-case basis to determine the level of security needed and assign a Level of Security Requirement. If security is required, University Police Officer(s) or an approved event security staff should be present at the event. Approved event security, the need for, and number of security members needed at an event is at the discretion of the Director of Public Safety/Chief of Police. A larger number of security personnel may be required at events where minors are present, 50 or more guests will attend; and/or which alcohol service is for more than two (2) hours. It is the responsibility of the Event Sponsor to arrange approved security and payment for the services of University Police Officers or approved event security staff in a timely manner prior to the date of the event. It is recommended that several weeks advance notice is given to schedule event security, however, a minimum of 7 business days is required.

### Level of Security Definition

**Level 1:** No security staffing needed; however, University Police will perform random checks of the venue through the duration of the event to ensure policy compliance.

**Level 2:** University Police will not be assigned to staff the event; however, an **approved** security team is required to be on-site during the event and ensure policy compliance. Examples of approved security teams can include off-duty city or county officer(s), licensed security service, etc.

**Level 3:** University Police (or outside law enforcement agency, coordinated by UPD) must be hired to staff the event.
