Q&A GUIDE TO VOTER REGISTRATION

Why does Valdosta State University get involved in voter registration?

The 1998 reauthorization of the federal Higher Education Act includes a requirement that higher education institutions make a “good faith effort” to make voter registration forms available to all enrolled students. Additional information regarding voting and voter registration in the State of Georgia is available on the Secretary of State’s website at <http://www.sos.ga.gov/elections>. Federal and state legislation supports Valdosta State University’s long-standing goals of engendering leadership and citizenship among the student body, faculty and staff.

As a college student living away from home, where can I register?

What about online voter registration?

Voter registration forms are available at the Office of Student Life on the 3rd floor of the Student Union or you may download one from <http://sos.georgia.gov/ivote/>. The Student Life Office is open Monday –Thursday, 8:00am to 5:30pm and on Friday 8:00am to 3:00pm. Be sure to bring a valid photo ID (see above). Have questions? Call us at 229.333.5674.

Should I use my college address or my parents' address as my "domicile" (place of residence for voter registration purposes)?

University students who are Georgia residents may register to vote either at your VSU address or at your permanent (parents') address if you established residency there before you enrolled at Valdosta State. Choose whichever is most convenient or the one you personally prefer and consider your home. If your voting precinct is elsewhere, you must remember to request an absentee ballot from your County Board of Electors at least 30 days before the election, then complete and mail your ballot back on time. You could also go back home on election day to vote in person. Look up the mailing address for your county's Election Office here <http://sos.georgia.gov/cgi-bin/countyelectionofficesindex.asp> to look up the mailing address for your county's Election Office.

I want to vote in the next election. When do I need to register?

In order to vote, you must register to vote by the close of business on the fifth Monday before Election Day. This means that if the election is on a Tuesday, registration is due 29 days before the election. If you mail in your voter registration, it must be postmarked on or before that day.

When will elections be held this year?

The Georgia Elections and Voter Registration Calendar is at http://www.sos.ga.gov/elections/elections_events.htm. You'll find the types of elections, such as special elections or general primary, the dates of this year's elections (including when any run-off elections may be held), and the deadline to register to vote in each scheduled election.

I live in on-campus housing and have a box number. What is the correct way to complete the voter registration form?

Most of the form is straight forward, but the difference between “residence address” and “mailing address” may not be readily apparent. If you live on campus: on Line 1, enter your name. On Line 2, for Residence Address, enter the name of your Hall and your room number (for example, Hopper Hall #3122-B). Line 3 is for your mailing address – your VSU Box number, Valdosta GA 31698. Be sure you fill out items 1-7. Item 8 is reserved for people who have changed their name (i.e., when a bride takes her husband’s last name). Be sure to use black or dark blue ink.

If I move, how do I change my voter registration to my new address?

Your voter registration address can be updated by completing a voter registration application and filling out the Change of Address section of the form. Registration forms are available at the Office of Student Life, 3rd floor of the Student Union. Student Life is open 8am-5:30pm Monday—Thursday and 8am-3pm on Fridays. You can also mail address changes to your new county elections office. Go here <http://sos.georgia.gov/cgi-bin/countyelectionofficesindex.asp> to look up the mailing address for your county’s Election Office.

I moved to a new room in my residence hall—do I have to change my voter registration?

Yes, you need to re-register. Moving residence halls or rooms within a residence hall is considered a change of address. Fill out a new registration form just as you would do if you moved off campus or to another town. Always remember to enter your residence hall and room number on line 2. Your VSU Box number is your mailing address—and it goes on line 3. Be sure you use an ink pen with black or dark blue ink to complete your form.

If you are registered to vote back home (your parents' address) and want to vote while attending VSU, you have three choices: 1) go back home to vote on election day or 2) remember to request an absentee ballot at least 30 days before the election in which you wish to vote or 3) move your registration to your college address. Will I get a Voter Registration ID Card?

First time registrants or change of address registrants will receive a mailer card confirming their registration, address and voting place. If you don't get a confirmation ID mailer card within 14 days of registration, you should call your county Voter Registration Office and request action on your registration form. You'll find links to Georgia's county Board of Electors at <http://sos.georgia.gov/ivote/> .

Bring a valid photo ID with you.

Consider not wearing political apparel, including political buttons, hats, t-shirts, etc. to the voting place or bring a jacket you could put on if necessary. Wearing visible political apparel could be considered passive electioneering, and might result in problems at some polling locations. Election laws and regulations typically prohibit the practice of electioneering within or near polling places, but the term is ambiguous, and its meaning varies. Georgia law states "No person shall solicit votes in any manner or by any means or method, nor shall any person distribute any campaign literature, newspaper, booklet, pamphlet, card, sign, or any other written or printed matter of any kind, nor shall any person conduct any exit poll or public opinion poll with voters on any primary or election day: (1) Within 150 feet of the outer edge of any building within which a polling place is established; (2) Within any polling place; or (3) Within 25 feet of any voter standing in line to vote at any polling place." GA Code Ann. § 21-2-414(a) (2005).
