

PUBLIC SERVICES AND CONTINUING EDUCATION

Mr. Bill Muntz, Director
903 North Patterson Street

PUBLIC SERVICES

The Division of Public Services, with offices in the Regional Center for Continuing Education, 903 North Patterson Street, administers a number of educational and education-related programs.

Public Services programs at Valdosta State are designed to aid residents of South Georgia in continuing their education. The personnel in Public Services desire to learn of the needs and interests of area residents that can be met best by the University. Efforts are made to identify resources located in the institution and in the community to develop educational programs and services to meet community needs and interests.

There are three major departments in Public Services: Continuing Education, eLearning, and Video Production Services.

CONTINUING EDUCATION (NON-CREDIT COURSES)

The Continuing Education Department oversees professional development programs, leisure-type programs, and adult and children's programs, for persons in Valdosta and surrounding communities. The department presents seminars and courses for persons in professions, business, and industry. Some courses are developed especially to meet the licensing or certification requirements of specific professional groups. Continuing Education activities also include Learning in Retirement, Children's Programs, and Personal Enrichment Classes.

The Southern Association of Colleges and Schools requires the use of the CEU (Continuing Education Unit) by member institutions and provides this definition: "One continuing education unit is ten contact hours of participation in an organized, continuing education experience under responsible sponsorship, capable direction, and qualified instruction." Continuing Education administers the CEU procedures for the University. The department also manages the Professional Learning Unit (PLU) program approval and crediting procedures for teacher recertification.

eLEARNING

The eLearning department provides support and course design consultation for online, hybrid, and face-to-face courses using BlazeVIEW and other instructional technologies such as the Clicker Student Response System. The department provides local administration and assistance to students and VSU instructors in University System of Georgia collaborative programs: eCore, the online core curriculum courses, and GeorgiaOnMyLine (GOML), undergraduate and graduate degree programs. Additional services include coordination and facilitation of web and IP video conferencing.

VIDEO PRODUCTION SERVICES

The Video Production Services Department provides video and audio production services for a wide variety of needs, using broadcast-quality digital television facilities. Webcasting services are also provided.
