

Paint with Pastels

Instructor: Anna Waddell

Supplies:

1. A Set of Soft Pastels:

Not too many, but a range of warm and cool primaries, with a few earth tones, a black and a white. Extra white comes in handy. The set I have has 24, and was purchased at Hobby Lobby for about \$10. They are not the highest quality, but will be fine for our purposes. You can also check Michael's, as they often have sales.

2. Paper

Pastel paper comes in white and colors, can be bought in tablets.
Paper with a tooth, such as watercolor paper will also work.

3. Sketch Pad

4. Tools:

Drawing Board with clips
Blending stumps
Exacto knife
Pencil
Fixative
Soft flat watercolor brush
Kneadable eraser
