### Minutes

February 19, 2009

**The Valdosta State University Faculty Senate meeting convened at 3:32 p.m. in the Magnolia Room, University Center.**

1. Dr. Patrick J. Schloss informed the Faculty Senate of the following:
  - Discussed the budget circumstances. So far there has been a 9% budget cut this year. There is another anticipated budget cut of 1-4% during the current fiscal year.
  - Discussed that Policy on Policies is operational evidence of shared governance. Faculty members and the Faculty Senate are paramount for the formation of policies on campus. They have the opportunity to voice opinions throughout the process of policy formation.
  - Discussed the Strategic Focus 2010 process. Dr. Kristina Cragg is working on a modified Delphi technique. The Planning and Budget Committee has decided to narrow the focus of resource allocations. The campus community will need to respond to Dr. Cragg identifying three to five strategic priorities. All suggestions will be combined together and presented at campus-wide forums.
  - Informed the Faculty Senate that the selected Vice President of Finance & Administration candidate, Dr. Greig Mitchell, has chosen to pursue other opportunities. Dr. Schloss would like to wait to conduct another search until January 2010, and have Ms. Traycee Martin remain as Interim Vice President for Finance & Administration until a candidate is identified.
  
2. **Approval of the minutes of the November 20, 2008 meeting of the Faculty Senate.**  
<http://www.valdosta.edu/facsen/meeting/minutes/documents/SenateMinutes2008-11-20.pdf>
  - The minutes were approved with a minor revision.
  
3. New business
  - a. **Report from the Academic Committee – Louis Levy [llevy@valdosta.edu](mailto:llevy@valdosta.edu)**  
**See Attachment A for minutes of October, November, & December meetings.**
    - Dr. Levy discussed various changes approved by the Academic Committee. The minutes from the October, November, and December meetings were approved.

- Prompted by a question raised by Dr. Brad Bergstrom, there was discussion regarding whether the Faculty Senate should vote on these changes since some are already in effect. New programs need to be given to the Faculty Senate in a timely manner so there can be a vote from the Faculty Senate before it is established. Dr. Levy suggested that the Faculty Senate Executive committee set deadlines for new proposals to be given to the Faculty Senate.
- b. Report from the Committee on Committees – Steven Kohn [sjkohn@valdosta.edu](mailto:sjkohn@valdosta.edu)
- In the process of forming the new Faculty Senate for August. The Committee on Committees sent out a request during Fall semester to Deans and Directors to hold elections for Faculty Senate. The committee is hoping to have the results within a few weeks. Once the committee has the results of the elections, they will begin to form the new Faculty Senate.
- c. Report from the Institutional Planning Committee – Vesta Whisler [vrwhisler@valdosta.edu](mailto:vrwhisler@valdosta.edu)
- No report.
- d. Report from the Faculty Affairs Committee – Ruth Renee Hannibal [rrhannib@valdosta.edu](mailto:rrhannib@valdosta.edu)
- No report
- e. Report from the Faculty Grievance Committee – Theresa Thompson [tthompson@valdosta.edu](mailto:tthompson@valdosta.edu)
- No report
- f. Report from the Senate Executive Secretary – Jay Rickman [bjrickma@valdosta.edu](mailto:bjrickma@valdosta.edu)
1. Re-announce Nominations Committee for 2009-2010 Executive Secretary. As required by the *Senate Bylaws* (Article I, Section 3), the Executive Secretary has appointed a committee to garner candidates to stand for election as the Senate's 2009-2010 Executive Secretary. Senators Christine James [[chjames@valdosta.edu](mailto:chjames@valdosta.edu)], Nancy Scheetz [[nascheet@valdosta.edu](mailto:nascheet@valdosta.edu)] & Bruce Caster [[caster@valdosta.edu](mailto:caster@valdosta.edu)] have graciously agreed to serve on this committee, and Dr. James has agreed to chair this committee. The election will be held at the Senate's March 26, 2009 meeting. Please contact a member of the committee if you are willing to stand for election.
    - The Nominations Committee is still looking for people to run for Executive Secretary. Anyone interested in running should contact Christine James for more information about what the position entails.
  2. Announce that the Senate's March 26, 2009 meeting will be held in the Magnolia Room as usual, but the Senate's April 16, 2009 meeting will be in the Powell Hall Auditorium because of a scheduling conflict in the University Center.

**3. Report from Academic Scheduling & Procedures Committee on the proposed academic calendar for the 2010-2011 academic year. See Attachment B which will be presented by Academic Scheduling & Procedures Committee Chair, John Elder [[efelder@valdosta.edu](mailto:efelder@valdosta.edu)].**

- Dr. John Elder presented the proposed calendar. Dr. Elder informed the Faculty Senate that the beginning and ending dates of each semester are set by the Board of Regents. There was discussion about why the last class day cannot fall on a Friday. The Faculty Senate was informed that the last day of class being scheduled on a Monday is to make the same amount of classes on Mondays, Wednesdays, and Fridays. The proposed academic calendar for the 2010-2011 academic year was approved.

4. Request from Dr. Kathleen Lowney that the University establish a policy for the use of “clickers” on campus. See Attachment C. Remand to Technology Committee for review.

– Mr. Joe Newton informed the Faculty Senate that the Technology Committee will be meeting on Monday, February 23<sup>rd</sup>. The committee has looking at three vendors for the “Clickers” also known as “Student Response Systems”. Currently the clickers are being used in Orientation. They have been also been tested by Nursing and Political Science. They can be used for pop quizzes, polls, support for large sections, etc. Various clickers include multiple choice clickers, alpha-numeric input clickers, and tablet or stand alone polling system. Information Technology will arrange demos. Funding would probably be provided by the Student Technology fee. Would like them standard by Fall 2009.

5. At its November 20, 2008 meeting, the Senate endorsed the Presidents Climate Council initiative with the proviso that the structural interrelation of the Senate’s Environmental Issues Committee (EIC) and the Climate Council be remanded to the Committee on Committees to avoid duplication of efforts. On Wednesday, 12-3-08, Ray Sable (Director of Plant Operations), Christine James (Past Executive Secretary of Senate), Brad Bergstrom (Chair, Environmental Issues Committee), and Jay Rickman (Executive Secretary) held a meeting to discuss the organizational inter-relations between the Senate’s long-standing EIC and the newly-created Climate Council (CC). See Attachment D for a summary of this meeting.

6. Report from Educational Policies Committee Chair Michael Elliott [melliott@valdosta.edu](mailto:melliott@valdosta.edu) that the committee has voted to reject the proposal remanded to it at the Senate’s September 18, 2008 meeting. See Attachment E for the original student complaint on VSU’s policy for graduating with honors that was remanded to the Educational Policies Committee. The Educational Policies Committee voted to reject this proposal because the committee believes the current requirements for graduating with honors meet the needs & educational standards of VSU and should not be adjusted.

7. Request from USAF Lt. Col. Alan Elledge [[awelledge@valdosta.edu](mailto:awelledge@valdosta.edu)] (Commander of VSU’s AFROTC) that the University allow AFROTC cadets to

participate in early registration. See Attachment F. Remand to Educational Policies Committee for review.

8. Possibility of a policy in the VSU Faculty Handbook on guidelines for promotion from Lecturer to Senior Lecturer. Remand to Faculty Affairs Committee for review.

**9. Senate consideration of a resolution of support for the proposed Policy on Policies. See Attachment G.** In addition to Attachment G, the Policy on Policies Committee has issued the following point of clarification.

#### EXTANT POLICIES

It is acknowledged that VSU has existing policies currently in place, which will remain in effect unless revised through the Policy on Policies process. Six collaborative sources exist for extant policies:

1. VSU Statutes (Revised 2007).
2. Faculty Handbook
3. Employee Handbook
4. Student Handbook
5. Undergraduate and Graduate Catalogs
6. Board of Regents Policies

All passages meeting the definition in the policy on policies will be excerpted without substantive editing, numbered and inserted in the Policy Manual. This will occur only with the procedural review by the appropriate Vice President.

- Dr. Rickman presented a PowerPoint about the Policy on Policies creation process. A copy of this presentation was emailed to the Faculty Senate earlier in the week.
- Dr. Schloss stated that this process allows everyone to know when and how the decision will be made.
- A resolution of support for the proposed Policy on Policies was approved.

10. Senate/faculty representation on the revised Budget Advisory Committee (BAC). Under the current BAC proposal (see Attachment H), the Senate Executive Secretary will be one of the non-voting, ex officio members of the BAC, and there will be *two additional faculty members* as voting members of the BAC. Senators Fred Ware and Brenda Dixey have graciously volunteered to serve as interim Senate representatives on the BAC for spring 2009. The Senate, however, needs to decide the process by which the Senate will elect/select two faculty members to serve on the BAC for a 2-year term (July 1, 2009 – June 30, 2011). See Attachment H for how the Senate might go about electing/selecting faculty to serve in this capacity. BAC meetings are usually held on Fridays (9-11 am); see <http://www.valdosta.edu/finadmin/bac/councilactivity.shtml>. Remand to Institutional Planning Committee for review. Any ideas should be shared with Vesta Whisler with the Institutional Planning committee.

**11. Standing Committee Chairs: Please begin to schedule meetings to prepare the Yearly Reports of the 11 Faculty Senate Standing Committees.** If you would like to review what your committee's report looked like last year, please see the attachments in the Minutes of the Faculty Senate's May 15, 2008 meeting:

<http://www.valdosta.edu/facsen/meeting/minutes/documents/MinutesMay152008.pdf>

Committee reports should be sent to Jay Rickman [bjrickma@valdosta.edu](mailto:bjrickma@valdosta.edu) in Word .doc or .docx format by **April 23, 2009** so that each committee report can be reviewed by the Executive Committee at its May 7, 2009 meeting, prior to the May 21, 2009 Faculty Senate meeting.

At the May 21, 2009 Senate meeting, each standing committee chair should be prepared to make a brief oral summary report for the Senate.

7. Old Business

8. Discussion

Under the Senate Bylaws (Section 7, Paragraph 5), a member of the General Faculty, student body, staff, or administration can speak to the Senate for a specific purpose if a majority of the Senators present so approves. John Wright from Student Life would like to announce the Relay for Life event that will be held @ VSU between 7:00 pm on Friday, April 24 to 7:00 am

on Saturday, April 25. John would like to encourage academic departments/divisions/colleges to form teams to participate in this important event.

- A motion was approved to allow John Wright to speak about the upcoming Relay for Life. Teams will consist of 10 people. There will be activities such as a concert, games every hour, a survivor walk, and a luminary service. The past two years events have raised over \$80,000. Contact John Wright at [Jwright@valdosta.edu](mailto:Jwright@valdosta.edu) for more info or to sign up. Visit [www.relayforlife.org/vsu](http://www.relayforlife.org/vsu) to donate.

#### 9. Adjournment

- The meeting adjourned at 4:53.

Subject: Senate issue

I would like to request an item be considered by the relevant Faculty Senate committee -- in a fast track way, if possible. The matter concerns "clickers" for students to use in class.

I recently went to an on-campus presentation/workshop by one company that I heard about from my Interim Department Head. While there, by my questions and others, it became clear that while there is growing interest in the use of clickers on campus, there seems to be no one group who is considering this (according to Allan DeVane) or policies about use, etc. I know as someone who wants to use clickers in a mass class next Fall, I would like some policies in place about their use by then.

Specifically -- I think someone/some committee needs to set policy about them. Right now, if I wanted to order them, it seems like I could (clickers would likely cost students from \$40-80 depending on the models I selected/the company I selected). But they could then be told to purchase a different clicker, from a different company, in their next class, for that amount of money or more. I think that is unfair -- much like we have standardized WebCT as the electronic classroom management system, I believe one company needs to be selected, and probably even one product from that company that all faculty would use for a period of years.

Could Ed Policies or another committee look into this and see if the IT people's comments at that workshop were correct, that no one seems to be taking charge of this issue and any faculty can do what s/he wants? If so -- can there be a rapid review of this and policies/suggestions be made? I say rapidly because I think these policies should be in place before August 2009, when some of us begin these mass classes of 150 students. I don't know how soon one or more of us who do want to use them would need to place an order, get the clickers, get familiar with the technology, etc. before August classes start.

I would be happy to be involved in the discussions if that would be appropriate, just because I am interested in this issue. Just let me know.

Thank you for following up on this,

Kathe Lowney

Subject: Summary of Our Meeting on 12-3-08

Summary of Our Meeting on 12-3-08

On Wednesday, 12-3-08, Ray Sable (Director of Plant Operations), Christine James (Past Executive Secretary of Senate), Brad Bergstrom (Chair, Environmental Issues Committee), and Jay Rickman (Executive Secretary) meet to discuss the organizational inter-relations b/t the Senate's long-standing Environmental Issues Committee (EIC) and the newly-created Climate Council (CC). Steve Kohn (Chair, Committee on Committees) was unable to attend b/c of his class schedule; so Jay filled in for him since Jay chaired the Committee on Committees for the past two years (2006-2008).

Ray is chairing the new Climate Council (CC) on which both Christine and Brad serve as Faculty Senate representatives. The new CC is tasked with establishing the goals for VSU to pursue once the President signs the Climate Commitment. In pursuit of this objective, the CC has established 4 subcommittees (Operations; Curriculum; Outreach; & Assessment). The EIC has 3 subcommittees (Campus Beautification and Stewardship; Energy Conservation; & Recycling). In our discussions on 12-3-08, we decided that the goals set for Energy Conservation by the CC's Operations Subcommittee could be delegated to the EIC's Energy Conservation subcommittee. We also decided that the goals set for Recycling by the CC's Operations Subcommittee could be delegated to the EIC's Recycling Subcommittee.

We also discussed how the EIC was responsible for setting environmental policy for the university while the CC was tasked w/ setting goals and procedures for the attainment of the Climate Commitment. Once the CC completes its plan in 2009, the EIC and the Senate will need to determine if any parts of this plan need to be passed as formal policy (at this point, this matter is unclear since the Climate Commitment is a voluntarily effort as opposed to a firm mandate). After the CC completes its task of setting the initial goals, then the issue will become whether the CC will disband and the EIC will monitor VSU's progress in meeting the goals set by the CC, or whether the CC will continue as a monitoring body while the EIC maintains its traditional role in establishing environmental policy for the university.

The meeting concluded with all participants stressing the need to share information b/t the CC and its subcommittees w/ the EIC and its subcommittees as well as other interested organizations on campus such as SAVE and SGA.

Dr. Christine James, ([chjames@valdosta.edu](mailto:chjames@valdosta.edu))

May 2008

I am writing you because I am concerned with Valdosta State University's policy for graduating with honors. I have spoken to the Registrar on this matter and he directed me to you as the executive secretary of the faculty senate. The matter of which I am writing is that to graduate Cum Laude, Magna Cum Laude, or Summa Cum Laude, a student must have an overall GPA of 3.5, 3.7 or 3.9 and a VSU GPA of 3.4, 3.7 or 3.9. I feel that this is very biased towards those students who went to VSU for all four years. I feel that way because transfer student's GPAs are essentially split into two categories. In most cases these will be 1) those classes taken as a freshmen and sophomore, and 2) those classes taken as a junior and senior. This does not make sense to me because no matter what institution you attend, freshmen and sophomore classes are supposed to be easier than junior and senior. There is a reason why we take classes in a certain order and it is to prepare and equip students with the study skills needed for upper level courses. This being said, those who attend all 4 years at VSU will have much better chances of graduating with honors due to the fact that their GPA as a freshmen and sophomore will be able to "pull up" any lower grades in upper level courses. This is due to the fact that they only have one GPA and it is the same for overall and VSU. If a transfer student had a high GPA coming to VSU but did not quite make the cut at VSU his or her freshmen and sophomore GPA would not be able to pull up the institution GPA because it was not taken here. The registrar told me that this rule is to keep a student from transferring from "Po Dunk University" with a 4.0 with 60 hours and then making a 3.0 for 60 hours at VSU and still graduating with honors. Also he said that a cum laude diploma from Valdosta State is just that, a diploma from Valdosta State. But this is very misleading. Valdosta State University issues diplomas every graduation to students who did not go to VSU for every class their diploma proves they have taken. Also, by giving the student a diploma from VSU they signified that every course taken by the student was the equivalent of the same course at VSU. If it is an equivalent course then it should be considered equivalent and not divided into two separate GPAs. I know you feel that this making a considerable amount of fuss over something that does not matter but the reason I am writing you is because I fall into this very small percentage of people who did not attend Po Dunk University but did not start at VSU because of financial reasons. I went to a community college and worked almost full time while I was there for 2 years until transferring to VSU. While at VSU I have taken what many consider the most difficult classes including microbiology, organic chemistry I & II, bio chemistry, botany, zoology, genetics, and upper level biology electives. I've even retaken microbiology here because the one from my previous college was not deemed equivalent. While at VSU I have maintained a 3.47 GPA which is .03 from a 3.5. My transfer GPA was a 3.57 but my overall GPA was a 3.52. However, if I had attended VSU all 4 years my overall GPA would still be a 3.52 and my institution GPA would be a 3.52. I do not think it is fair for me to sit at graduation next to a student who attended all 4 years at VSU wearing a prestigious medallion when I have the same GPA and studied and made the grades the same as they did but do not graduate with honors only because I was a transfer student. These policies are made clear on page 44 in the student hand book. I have copied and pasted what is said in the handbook below.

I would like for you to consider changing the handbook to say

### **Graduating with Honors**

Three classes of graduation honors recognize exceptional students qualifying for the bachelor's degree. These honors are based upon all academic work attempted, including all courses attempted at other institutions. A minimum of 60 semester hours of academic work, including student teaching, must be successfully completed in residence at Valdosta State University. Credit by examination or exemption will not be included in the work considered for residence.

- Cum Laude for an overall grade point average of 3.50.
- Magna Cum Laude for an overall grade point average of 3.70
- Summa Cum Laude for an overall grade point average of 3.90

Honors shown in the graduation program are based on grades earned to date; however, official honors included on diplomas include all work attempted at VSU and all other institutions, including accepted and non-accepted transfer credit.”

The current handbook reads:

### **MEMORANDUM FOR FACULTY SENATE**

**FROM: AIR FORCE RESERVE OFFICER TRAINING CORPS (AFROTC) ADVISORY COMMITTEE**

**SUBJECT: Proposal for AFROTC Cadet Early Registration**

1. On behalf of the AFROTC Advisory Committee, I request early registration for AFROTC cadets. The committee, made up of members from each VSU college, has determined AFROTC cadets have special circumstances that justify this request. We will also show that although the impact will greatly benefit the cadets, it will have minimal impact on the general student population.
2. The central driver for this request is the contractual obligation between AFROTC cadets and the United States Air Force. Depending on the students' status, they are required to sign a contract stipulating their major and date of graduation. The contract is required for the Air Force to correctly manage the manpower entering the Air Force in future years. Failure to meet the terms of the contract puts at risk their future Air Force career and any financial aid (tuition, a book allowance and a monthly stipend) they receive from AFROTC.
3. Cadets establish a degree completion plan during their freshmen year. Their plans are monitored throughout their time at VSU to ensure they are on track to graduate as planned. This degree completion plan is a result of hard work by both the student and their academic advisor. It is crucial the cadet be able to follow this plan to ensure on-time graduation. Cadets not able to register for planned courses have to rework their academic program wasting valuable cadet and advisor time. Additionally, this forces the cadets to add credits in future semesters and may even lead to the cadet extending their graduation date. Not only does this negatively impact the academic success of the student, but any extension can have career-altering ramifications. Early registration will enable the cadets to follow the plan established with their academic advisors.
4. An additional reason for early registration is due to the limited number of AFROTC classes offered each semester. Cadets must attend an AFROTC academic class and a Leadership Laboratory class each semester. These classes are required and key to their leadership development. The AFROTC freshman academic class is offered three times per week. The sophomore, junior and senior academic classes are offered twice per week. All cadets must take the same Leadership Laboratory class which is offered only once each week. The AFROTC staff is willing to adjust to put the students' academic major first, but their flexibility is limited due to facility and manpower limitations. Early registration would provide cadets with more workable schedules to allow full participation in the AFROTC program thereby enhancing their leadership development.
5. There are other benefits both VSU and the VSU AFROTC detachment will garner by this change. First, this will be a loud and clear demonstration of VSU's support of AFROTC, which will aid in recruiting high-caliber students to the AFROTC detachment and VSU as a whole. These students include AFROTC high school scholarship winners majoring in highly sought after degrees such as Chemistry, Physics, Mathematics, Computer Science, and Pre-Engineering. There are currently 17 cadets in those majors. Another important benefit is the positive impact to cadet morale. The cadets have several additional requirements that consume their free time, so anything that will ease their burden can greatly increase their morale leading to better overall university and AFROTC program performance.
6. With any new suggestions there are possible drawbacks. One of these could be an increase in requests from other disciplines for early registration based on the approval of this proposal.

However, our request is unique in that no other student group on campus has a contractual requirement with the federal government to graduate by a particular date. The AFROTC Advisory Committee believes this unique requirement alone easily justifies the need for AFROTC early registration.

7. The VSU Registrar's Office has been contacted about this issue. According to Stanley Jones, the Interim Registrar, advanced registration can be accomplished with little additional resources. AFROTC faculty would designate the students entitled to early registration and notify the Registrar's Office to code the students' accounts. The only students who will be eligible for early registration are those enrolled in AFROTC Leadership Lab (class enrollment is limited to only those pursuing a commission in the Air Force) and that meet all criteria required to continue in the program the following semester.

8. Another issue in question is the possibility that early cadet registration may overwhelm the most essential or popular classes causing an undue hardship on other VSU students. The committee doesn't see this as a concern due to the dilution of the cadet population amongst the student body. Although the AFROTC organization has grown substantially in size over recent years, it is still only a fraction of the student body (currently about 110 of the 11,513 VSU students - Fall 08) and the cadets are spread out among the colleges. This dilution across the academic years and colleges will prevent any negative consequences to other VSU students. The following data shows the cadets (by college) that would have received this benefit in Fall 2008.

9. As you can see, early registration for VSU AFROTC cadets would greatly benefit this special group of students while causing little, if any, negative impact on the VSU student population or faculty. As the student body continues to grow it will be even more important to have this program in effect to ensure the VSU AFROTC program can continue to produce quality officers for the United States Air Force. On behalf of the members of the AFROTC Advisory Committee, I request that early registration be extended to students participating in AFROTC at VSU.

**Policy Development and Adoption Procedures**

Issued by: Patrick J. Schloss, President

Effective Date:

<p><u>PURPOSE</u></p>	<p>The purpose of this document is to outline the procedure by which a document becomes University-wide policy.</p> <p>The purpose of this policy is to ensure that the process of policy development for University-wide policies (herein "University Policies"), as well as the form and dissemination of policies, meet University standards for consistency, compliance with laws and regulations, accessibility and understandability. Specifically, this policy guide defines the ultimate steps by which policies are developed and adopted at Valdosta State University ("VSU"). All Valdosta State University policies, insofar as practical, shall be set forth in writing and codified on a Web page linked to the university Web site.</p>
<p><u>DEFINITION OF A UNIVERSITY POLICY</u></p>	<p>A policy is defined as a <u>long-term</u> commitment by university administration to an activity or practice.</p>
<p><u>DEFINITION AND RELATION OF LOCAL POLICY</u></p>	<p>Divisions within the university are encouraged to develop their own procedures when consistent with applicable university policies.</p> <p>These procedures may be proposed as university policy if they impact the broader university community. Local policies are always superseded by university policy.</p>
<p><u>FORMAL DESCRIPTION</u></p>	<p>The format shall be determined by the Office of the President and shall follow the format used for the issuance number. All policies shall be issued on the basis of a prescribed format and procedure, outlined herein. Each policy will be numbered according to division classification and content sub classification.</p>
<p><u>PROCEDURE FOR PROPOSING A POLICY</u></p>	<p>With the exception of an emergency or interim policy, policies are created and revised as indicated by the President and/or the Vice Presidents working through campus governance bodies. However, a request for a new or revised policy may come to a governing body from any employee within the university. Students may propose policy if their proposal is first endorsed by the Student Government Association. Any proposer of policy is encouraged to consult as early in the process as possible with the Vice President expected to issue the policy. The Vice President will request that the proposed policy be heard by the appropriate groups.</p> <p>All draft policies must be accompanied with a routing form; indicating action at each level of the approval process.</p>

<p><u>PROCEDURE FOR PROPOSING A POLICY (CONT.)</u></p>	<p>Once routed through all target governing bodies, the draft policy may be issued, revised or rejected by the appropriate Vice President or President.</p> <p>While each group has developed their own rules for procedures on sharing information, this policy advocates: 1) transparency of actions and consistency with applicable Georgia law; 2) Multiple readings before action is taken; 3) Democratic review and opportunity for input; and 4) the keeping of Minutes.</p>
<p><u>RESPONSIBILITY OF VP REGARDING ENDORSEMENT OF POLICIES</u></p>	<p>Upon the last constituent group’s review, the corresponding Vice President will have up to 60 days to make a decision to either approve or not approve the policy.</p> <p>Anytime a policy is issued against the endorsement of the required body, the Vice President must return the policy to that body and explain why the policy was issued. If the policy was endorsed by the required body but failed to be endorsed by Cabinet, the Vice President must return the policy to that body and explain why the policy was denied. The Vice President must make a request to address the appropriate constituent group(s) within 60 days of deciding to ‘Not Approve’ the policy.</p>
<p><u>EMERGENCY OR INTERIM POLICIES</u></p>	<p>Presidential and/or Vice-Presidential prerogatives to issue policies before appropriate review as provided for in this document, will be exercised only in special circumstances including but not limited to: the health and welfare of the university community; and legal mandates; advice of legal counsel; university liability; or contractual issues. Interim policies may be adopted in consultation with the Cabinet and the appropriate governance groups.</p> <p>These interim policies will “sunset” one calendar year following issuance unless processed for approval as a university-wide policy.</p>
<p><u>RELATIONSHIP TO BOARD OF REGENTS AND ULTIMATE AUTHORITY OF THE BOARD OF REGENTS</u></p>	<p>Board of Regents policy automatically becomes Valdosta State University policy. Vice Presidents will review with the Cabinet all new or amended policies for the Board of Regents from their respective divisions. When appropriate, they will be included in the Valdosta State University Policy Manual.</p> <p>VSU must comply with applicable Board of Regents policies. Conflicts between VSU and the Board of Regents shall be resolved in deference to Board of Regents policy.</p>
<p><u>COMMUNICATION OF POLICIES</u></p>	<p>The Communications Unit will be responsible for posting policies to the university’s policy index and publishing the policy on the web. The Office of the President will annually verify that the policy index contains only those policies currently in force. In addition, the Office of the President and the</p>

	<p>University Library will have on file one complete current set of policies in paper copy.</p>
<p><u>POLICIES IMPACTING MULTIPLE DIVISIONS</u></p>	<p>The development and approval process for campus policies will vary depending on the President or Vice Presidents expected to issue the policy. Policies involving multiple divisions shall be vetted through the most closely impacted division. It is desirable for policy proposers to obtain endorsements from relevant groups outside of the prescribed list who have expertise in the policy content or who will be responsible for policy implementation upon approval. (See Table of Action below.)</p>
<p><u>ACTIONS OF CONSTITUENT GROUPS DEFINED</u></p>	<p>Actions of constituent groups are outlined below in the Table of Action and defined as follows:</p> <p>Review and advise (with advice or without advice) – Information was shared with the group, the group has the option to provide comments (“with advice”) or not provide comments (“without advice”) to accompany the document as it moves forward.</p> <p>Information Item and comment – The proposed policy may be shared as an informational item (but not required) with the group, the group has the option to provide comments (when applicable, but not required).</p> <p>Endorse/Not Endorse – Indicates whether the proposed policy was endorsed or not endorsed by the group. Each group will decide how to procedurally reach an “endorse” or “not endorse” conclusion within their existing by-laws.</p> <p>Approve – Indicates approval of a policy (available only to the President and Vice Presidents).</p> <p>Documentation of action must be shown on the appropriate Routing Form (see attached).</p>
<p><u>NUMBERING OF POLICIES</u></p>	<p>Policies will be numbered using four digits. Each division will have 99 numbers. The first digit indicates the division. The third and fourth digits indicate the policy number. The digits after the period indicate a revision to the policy. The highest number for a policy indicates that the policy is most recent and supersedes any previous versions of the policy. For example, Policy #1001.1 indicates policy 1, version 1 (no revisions) in the Office of the President.</p> <p>President (1000.00-1099.99)                      Academic Affairs (2000.00-2099.99)  Finance and Administration (3000.00-3099.99)      Student Affairs (4000.00-4099.99)  University Advancement (5000.00-5099.99)</p>

**EXISTING  
AUTHORITY**

This policy recognizes the authority of each group on campus and does not usurp existing statutes, except in an emergency or conflict with applicable laws & Board of Regents policies (as outlined in "Emergency or Interim Policies").

GUIDING PRINCIPLES:

- Open meetings and "sunshine"
- Membership represents the core values of the University.
- Members represent the University, not their constituents.
- Focused strategic objectives (4-6) and resource needs for the objectives will be vetted through the process.
- Routine objectives and resource needs will be established within the managing department and supported at historical levels.
- Committee's work concerns planning and budgets.
- Deadlines for the year will be completed by Finance and Administration and reviewed by the Committee.
- Enrollment estimates and state funding estimates will be used to create budget recommendations.
- Four members selected by the Faculty Senate, Deans Council, and Department Heads Council must be from different colleges or divisions (Senate members selected first, then Deans Council, then Department Heads Council).
- January 2009 implementation
- The BAC should provide training for new members.
- Voting members should have a minimum of a two year term.

Faculty Senate Representation on the Revised Budget Advisory Committee (BAC)  
A Draft Proposal

Under the current BAC proposal, the Senate Executive Secretary (or his/her designee) will be one of the non-voting, ex officio members of the BAC, and there will be *two additional faculty members* as voting members of the BAC.

BAC Faculty Representative from the IPC

One of the two voting faculty slots on the BAC could be filled by one of the Senators on the Senate's Institutional Planning Committee as a way to merge faculty, especially Senate, input into university planning (the roll of the IPC) w/ the BAC (which carries out the planning process in budget terms). It will be up to the IPC to determine which IPC Senator will serve in this manner.

BAC Faculty Representative from the General Faculty

The other faculty slot on the BAC could be a tenured faculty member from the General Faculty elected (election possibilities below) to serve a 2-year term (July 1, 2009 – June 30, 2011) on the BAC. Well before the July 1 start date, the Executive Secretary of the Faculty Senate will issue a request via VSUFAC for faculty to place their names on the ballot for election to this faculty slot on the BAC. The Executive Secretary will stress in the request that the faculty member elected to serve on the BAC will need to have the ability to digest budget information and serve as an effective advocate for the educational mission of VSU during the BAC meetings (Fridays, 9-11 am) <http://www.valdosta.edu/finadmin/bac/councilactivity.shtml>.

As with Senate Statutory Committees, there is no limit to the number of 2-year terms a specific faculty member can be elected to serve as the General Faculty Representative to the BAC. In conjunction with the 2-year term, this provision will allow greater continuity in faculty representation on the BAC because the Faculty Senator from IPC on the BAC might only serve one 2-year term on the BAC.

Election possibilities for the General Faculty Representative to the BAC: (1) the Faculty Senate could elect the General Faculty Representative to the BAC from the ballot of faculty willing to stand for election to this post [this might be the best option to avoid having the election of the General Faculty Representative to the BAC be a popularity contest]; (2) the OIT could set up a electronic election of the General Faculty [this should be easier than the recent e-election for the Grievance Committee b/c there will be far fewer candidates on the ballot]; (3) there could be a paper ballot election of the General Faculty, or (4) the voting could be done at a General Faculty meeting in spring 2009.
