

Retention Strategies for Managers

Wednesday, October 7, 2015 1:30-4:30 p.m.

Valdosta State University — University Center Rose Room

Retention strategists and researchers report that 55% of U.S. workers think often of quitting or actually plan to quit within a year.” Employees leave an organization for various reasons. Often these factors are controllable. Find out what experts say managers can do to keep their top performing employees.

You will learn:

- To determine the cost of turnover
- To identify what your employees truly want
- To create a retention mindset within your department
- To enhance your communication techniques
- To increase your effectiveness with your employees
