

BIOLOGY MAJORS

Advising Week is

March 23 through March 27

*Sign up between March 09th and March 13th
for your appointment two weeks later*

Things to do **BEFORE** you see your advisor...

1. Consider the classes you need to graduate before talking to your advisor.
2. Write down your options/classes on a piece of paper for your advisor to review.
3. Bring your student ID to check out your file from the Biology Office, Room 2035.
4. Obtain a blank advising sheet from the office.
5. Return your file and advising sheet to the office and keep a copy for your records.

Wondering who your advisor is?

If you do not know who your advisor is, you can check by signing on into your Banner account. After you have signed into Banner take these steps: Click on...

- Student & Financial Aid
- Student Records
- Student Information
- General Student Information

Your advisor's name will show under the *Primary Academic Advisor* section.

WARNING: If you do not get advised during advising week, you will not be eligible to sign-up for classes during early registration. Your flag will not be lifted until April 3.

Registration begins March 30, 2009
