Before completing the system placement section on the next page, consider the following points VERY carefully:

- Once placements are made, they will **not** be changed.
- Students will be placed in a site appropriate for their certification area. However, students are not assured of any particular school, any particular teacher in a school, or any particular grade level--nor may students request a particular school, teacher, or grade level.
- Students are **not** to contact individual schools, school systems, teachers, and/or administrators about student teacher placement.
- The Dewar College of Education has 13 partner schools; efforts are made to place as many student teachers at these partner schools as possible.
- If you refuse a placement once it is made, you will **not** be placed at another site; and your student teaching will be delayed a semester.
- As placements are made and confirmed, they will be posted on the COE website (<http://education.valdosta.edu/placements.htm>), and you will receive a letter confirming your placement. The COE website is updated, and placement letters are mailed to students, as quickly as confirmations are received from the school systems; this process takes several weeks--be patient. Placement letters are not all mailed at the same time. Please do **NOT** contact the COE Dean's Office to ask about your student teaching placement. Keep checking the COE website.
- You may **not** student teach in: (1) A school from which you graduated within the last seven years, (2) A school where you have family members employed or enrolled, (3) A school in which you have worked as a paraprofessional, or (4) A system in which you have family members employed in the system office in an administrative capacity or on the board of education.
- You are **not** permitted to take undergraduate coursework (besides seminar) while student teaching.
- Generally, student teachers will be placed within a 60-mile radius of VSU.
- The Dewar College of Education reserves the right to refuse to place a student teacher at any particular school or within any particular school system.
- Every effort is made to place student teachers in their preferred systems; however, the Dewar College of Education reserves the right to make all final decisions about student teacher placements.

Student

I understand the requirements for student teaching. I further understand that failure to meet any one of these requirements will result in my **NOT** being allowed to student teach. I also certify that nothing has changed in my criminal background history since my criminal background check was completed. I further certify that all of my major courses have been completed, or will be completed, with at least a grade of "C" by the time I student teach.

I also understand that if I have to cancel my student teaching for any reason, it is my responsibility to notify Dr. Lee's office, my department head, and my advisor. If for any reason my student teaching is cancelled, I understand that I **must re-apply** for student teaching for the semester I intend to complete it.

I further understand that falsification of any information provided on this application or any unreported change in my eligibility to student teach will result in my not being allowed to student teach or being removed from student teaching.

NOTE: Effective Spring Semester, 2008, a fee of \$100 started being assessed for each student for student teaching. This fee is assessed as part of the student's regular fees. For Interrelated Special Education/Early Childhood student teachers, the fee is \$50 for each of the two required semesters of student teaching.
