

The Methodist Home for Children & Youth

In response to Christ and the Church, the mission of The Methodist Home is to be a model agency that restores childhoods, strengthens families, and cultivates a people-building organization.

The Methodist Home is an agency that provides residential treatment services to emotionally troubled youth in a community based setting. The main campus is in Macon. Valdosta is one of the Regional Group Homes, along with Americus, Columbus, and St. Marys. The cottage here in Valdosta only houses girls and they range in age from 14 to 18.

As an intern, you work up under the Campus Life Coordinator. The overall task of the Campus Life Coordinator is to make sure that the girls actively participate in things on campus at the cottage and as well as off campus. During your internship, you assist the CLC with making weekly and monthly activity plans for the girls. You assist in organizing “Life Skills” groups for the girls, which are very beneficial to the girls. The biggest reward of this experience is the opportunity to make a positive difference in the life of troubled youth.
