# ECONOMICS MAJOR

## Sequencing of Economics Courses for the Junior and Senior Years *

### JUNIOR YEAR

<table>
<thead>
<tr>
<th>First Semester</th>
<th>Second Semester</th>
</tr>
</thead>
<tbody>
<tr>
<td>** BUSA 2100 – Applied Business Statistics</td>
<td>*** ECON 3000 – Research in Economics</td>
</tr>
<tr>
<td>*** ECON 3001 – Mathematics for Economists</td>
<td>ECON 3600 – International Economics</td>
</tr>
<tr>
<td>ECON Elective</td>
<td>ECON Elective</td>
</tr>
</tbody>
</table>

ECON 2105 and 2106 are prerequisites for all upper-division Economics courses.

** BUSA 2100 must be taken the first semester of the junior year or the second semester of the sophomore year. It is a prerequisite or co-requisite for ECON 3000.

***ECON 3000 and ECON 3001 must be taken during the junior year. They are prerequisites for the required course ECON 4100 (Managerial Economics). ECON 3001 is also a prerequisite for ECON 4500 (Intermediate Macro)

### SENIOR YEAR

<table>
<thead>
<tr>
<th>First Semester</th>
<th>Second Semester</th>
</tr>
</thead>
<tbody>
<tr>
<td>ECON 4500 – Intermediate Macro</td>
<td>ECON 4100 – Managerial Economics</td>
</tr>
<tr>
<td>ECON Electives (2)</td>
<td>ECON Elective</td>
</tr>
</tbody>
</table>

Economics courses must be scheduled carefully because some of them are offered only once a year or once every two years. For example, ECON 4500 is offered only in the Fall and ECON 4100 is offered only in the Spring.

ECON 3750 is usually offered in the Summer as well as during the Fall and Spring. No other upper-division Economics courses are offered during the Summer.

9 hours of ECON electives must be taken. Available electives include:

- ECON 3400: Public Finance & Fiscal Policy (Prerequisite: MATH 1261)
- ECON 3710: Urban and Regional Economics (Prerequisite: MATH 1261)
- ECON 3750: Money and Banking
- ECON 3800: Environmental Economics (Prerequisite: MATH 1261)
- ECON 3810: Health Economics (Prerequisite: MATH 1261)
- ECON 3850: Sustainability: An Economic Perspective
- ECON 3860: Labor Economics & Labor Relations (Prerequisite: MATH 1261)
- ECON 4640: International Macroeconomics (Prerequisite: ECON 4500)
- ECON 4800: Current Issues in Economics
*See the Four-Year Graduation Plan link for a complete program of study for all four years.

Tips for planning your Economics program of study

Freshman year

- Go to the Student Advising Center for advising.
- Take courses when you are advised to take them.
- Don’t delay taking courses you are advised to take!

Sophomore year

- Go to the Student Advising Center for advising.
- Double-check your progress in completing your junior college core. Be sure you will complete it by the end of this year.
- Instructions for Spring semester advising:
  - First, go to the Advising Center to determine whether you have been admitted to the Langdale College.
  - When you are admitted to the Langdale College, meet with your Economics faculty advisor to set up a program of study to guide you in scheduling Economics courses for the last two years.

“Bridge” students

- “Bridge” students have completed 60 hours but are not yet admitted to the Langdale College. Some bridge students are eligible to take upper-level business courses. Check with the Student Advising Center.
- Bridge students are advised by the Student Advising Center, but bridge Economics majors should also consult with their Economics faculty advisors about scheduling Economics courses.
- If you are a bridge Economics major who is eligible to take upper-level business courses, your top priority should be to take BUSA 2100, ECON 3000, and ECON 3001 as soon as possible. Remember that BUSA 2100 is a prerequisite or co-requisite for ECON 3000.

Junior and Senior years

- Failure to take BUSA 2100 by the end of the first semester of your junior year will probably delay your graduation. Failure to take ECON 3000 and ECON 3001 by the end of the second semester of your junior year will also probably delay your graduation. ECON 3001 is offered in the fall and ECON 3000 is offered in the spring.
• Complete your Application for Degree within the first month of the first semester of your senior year.
