Subject: Possible Doctoral Electives by Concentration

For those of you looking for electives, I have listed some suggestions by concentration. These are suggestions based on what other doctoral students have taken in the past. Many of the classes listed are online (IA or IB). Remember that classes will change from semester to semester so what may be available in one semester may not be available in another. I have no control of classes outside CLT so if you have questions about PADM, ENGL, QCED, Lib Science, etc, you will need to contact the appropriate department. All spring classes may be found at: http://www.valdosta.edu/coe/clt/Schedules.shtml **as soon as spring schedules are posted**.

You will find brief course descriptions in the 2012-13 online Graduate Catalogue at http://www.valdosta.edu/catalog/1213/grad/index.shtml and other information in the Banner Catalog at http://www.valdosta.edu/it/eas/sis/ctlg2012.htm

I will place this on the doctoral web and in the doctoral advising shell and will update as spring and summer classes are posted on Banner.

Executive/Organizational Leadership

LEAD 7010 IA   Ethics and Issues in Educational Leadership
LEAD 7420 IA   Developing Leadership Capacity in Schools and Communities
LEAD 7420 IA   Ethical and Legal Issues for Leadership
