Guiding Principles (DEPOSITS)

(Adapted from the Georgia Systemic Teacher Education Program Accomplished Teacher Framework)

Dispositions Principle: Productive dispositions positively affect learners, professional growth, and the learning environment.

Equity Principle: All learners deserve high expectations and support.

Process Principle: Learning is a lifelong process of development and growth.

Ownership Principle: Professionals are committed to and assume responsibility for the future of their disciplines.

Support Principle: Successful engagement in the process of learning requires collaboration among multiple partners.

Impact Principle: Effective practice yields evidence of learning.

Technology Principle: Technology facilitates teaching, learning, community-building, and resource acquisition.

Standards Principle: Evidence-based standards systematically guide professional preparation and development.

InTASC Model Core Teacher Standards*

(To be used for all teacher preparation program courses. Identify those that apply specifically to this course.)

Standard #1: Learner Development. The teacher understands how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.

Standard #2: Learning Differences. The teacher uses understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.

Standard #3: Learning Environments. The teacher works with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self motivation.

Standard #4: Content Knowledge. The teacher understands the central concepts, tools of inquiry, and structures of the discipline(s) he or she teaches and creates learning experiences that make the discipline accessible and meaningful for learners to assure mastery of the content.

Standard #5: Application of Content. The teacher understands how to connect concepts and use differing perspectives to engage learners in critical thinking, creativity, and collaborative problem solving related to authentic local and global issues.

Standard #6: Assessment. The teacher understands and uses multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher's and learner's decision making.

Standard #7: Planning for Instruction. The teacher plans instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, and pedagogy, as well as knowledge of learners and the community context.

Standard #8: Instructional Strategies. The teacher understands and uses a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to

apply knowledge in meaningful ways.

Standard #9: Professional Learning and Ethical Practice. The teacher engages in ongoing professional learning and uses evidence to continually evaluate his/her practice, particularly the effects of his/her choices and actions on others (learners, families, other professionals, and the community), and adapts practice to meet the needs of each learner.

Standard #10: Leadership and Collaboration. The teacher seeks appropriate leadership roles and opportunities to take responsibility for student learning, to collaborate with learners, families, colleagues, other school professionals, and community members to ensure learner growth, and to advance the profession.

INDIVIDUALIZED ASSIGNMENTS AND MAKE-UP WORK

Make-up work or alternative assignments will be determined by the professor and at the sole discretion of the professor. These assignments may or may not exactly duplicate the original and will not entitle other students to the same alternatives since they may not have experienced the same situations.

COURSE EVALUATION / Grading Scale

This course is a performance-based course. Evaluation will be based on the satisfactory completion and execution of all required activities. Students must attend all sessions and complete all activities in order to complete the course.

Proficiencies will be measured using the following assessments:

Technology: Application of Technology Assessment (TL_{2a})

Assessment : Written Exams Assessment (AL_{2a})

Content/Pedagogy: Performance Exam in an Authentic Environment Assessment (CPL_{2a})

**These are required Proficiency Level Assessments and should not be modified or removed from this course without the approval of the program faculty.*

Grades will be based on the following scale of satisfactorily completed work, as evaluated through performance and the completion of the professional portfolio. Adequate participation on all activities, requirements, and assignments; specifically the Professional Portfolio. A significant penalty of up to a full letter grade for the course may be assessed for any assignment that is submitted late. Penalties are cumulative and may result in a failing grade for the course.

ATTENDANCE POLICY

Attendance at all sessions is mandatory. Each student should be committed to attend all class sessions, except in the cases of medical emergencies. In the case of unavoidable absences, the instructor should be notified as soon as possible, so that alternate assignments can be arranged. Prior notice is preferred, when possible. In addition, any student missing in excess of 20% of class time will be subject to withdrawal from the course by the instructor. No student will be excused from any class time for non-emergency reasons, unless approved in advance by the instructor. Because much of the required activities involve the use of BlazeView, all students are expected to maintain frequent communication through electronic means. Access to web-connected technology is required. In addition, on-line meetings utilizing the course website will be scheduled throughout the semester, primarily on Tuesday evenings. All students are expected to make reasonable effort to participate, as directed by the

instructors. Some on-line meetings may be mandatory.

PROFESSIONALISM

All students are expected to perform and act in a professional manner at all times. This includes personal and electronic interaction with other students, professors, and consultants who work with the program. Students are expected to complete all assignments on time and to stay in frequent contact with their instructors. All students should maintain a backup copy of all assignments submitted. In the case of confusion or unclear expectations, the student should contact the instructor to clarify the issue.

ACCESSIBILITY STATEMENT

Valdosta State University is an equal opportunity educational institution. It is not the intent of the institution to discriminate against any applicant for admission or any student or employee of the institution based on the age, sex, race, religion, color, national origin, disability, or sexual orientation of the individual. It is the intent of the institution to comply with the Civil Rights Act of 1964 and subsequent Executive Orders as well as Title IX, Equal Pay Act of 1963, Vietnam Era Veterans Readjustment Assistance Act of 1974, Age Discrimination in Employment Act of 1967, and the Rehabilitation Act of 1973.

Students with disabilities who are experiencing barriers in this course may contact the Access Office for assistance in determining and implementing reasonable accommodations. The Access Office is located in Farber Hall. The phone numbers are 229-245-2498 (V), 229-375-5871 (VP) and 229-219-1348 (TTY). For more information, please visit <http://www.valdosta.edu/access> or email: access@valdosta.edu.

STUDENT OPINION OF INSTRUCTION

At the end of the term, all students will be expected to complete an online Student Opinion of Instruction survey (SOI) that will be available on BANNER. Students will receive an email notification through their VSU email address when the SOI is available (generally at least one week before the end of the term). SOI responses are anonymous, and instructors will be able to view only a summary of all responses two weeks after they have submitted final grades. While instructors will not be able to view individual responses or to access any of the responses until after final grade submission, they will be able to see which students have or have not completed their SOIs, and student compliance may be considered in the determination of the final course grade. These compliance and non-compliance reports will not be available once instructors are able to access the results. Complete information about the SOIs, including how to access the survey and a timetable for this term is available at <http://www.valdosta.edu/academics/academic-affairs/sois/>
