

Beat the Heat this Summer!

Valdosta State University Continuing Education

Happy Summer! As June is coming to a close, Continuing Education is working hard to provide online classes to help you reach your potential! With record temperatures all over the county, it's no wonder many people are choosing the comfort of their home or work to develop their professional skills or enrich their personal life with a new hobby. Continuing Education has dozens of classes to help you with both. See what we are highlighting this month!

July 2011

Introduction to Programming—Master basic programming concepts as you create applications containing graphical user interfaces, sound, and graphics. \$89

Introduction to PC Troubleshooting— Work through the typical hardware and operating system problems encountered by technicians, troubleshoot techniques to decipher any problem, and get the skills you need to solve them. \$89

Managing Customer Service—Discover the dynamite methods for bringing out the best in your team, measuring customer service, and learning what you need to do to anticipate the needs of your reps and your customers. \$89

Professional Development

Month	Course Begins	Last Lesson Released
