 Frequently Asked Questions

Student Enrollment:

Spring 2007
 Fall 2006

You Must Apply To Graduate

Students must apply to graduate two full semesters before commencement. Applying for graduation is a way for you and your advisor to outline what you will do in your last two semesters. This application (plan) is presented to the Registrar who verifies degree requirements will be completed by your planned date of graduation if designated courses are completed successfully. Begin this process by visiting the Registrar's office to pickup an application for graduation. Complete the application with the help of your advisor and then return it to the Registrar.
