

Library Services for Faculty Teaching Distance Learning, Off-Campus, and Online Courses

Odum Library and the Odum Library Reference Department

Document Delivery

Books and journal articles can be sent to off-campus faculty members. Simply complete a request at the following link:

Document Delivery typically takes 5 to 14 working days, depending on the item requested. Items will be mailed to you, usually at no cost. Photocopies of articles are yours to keep; books need to be shipped back to Odum Library.

Library Instruction

Librarians will travel to off-campus locations and provide library instruction sessions. Make arrangements early to ensure a Librarian is available.

Requests can be made online using the Instruction Scheduling Request Form:
