

Valdosta State University
Head, Department Of Mathematics & Computer Science
College of Arts and Sciences

Valdosta State University is accepting applications for a tenure-track, fiscal-year position as Head of the Department of Mathematics and Computer Science at the rank of associate or full professor.

Requirements include a Ph.D. in mathematics, mathematics education, computer science, or a closely related field. Candidates must possess strong teaching and research skills, relevant administrative experience, effective leadership and interpersonal skills, and a commitment to excellence in teaching.

Valdosta State University is a comprehensive university in the University System of Georgia, with a current enrollment of 13,000 students. The Department of Mathematics and Computer Science includes 34 full-time faculty and 300 undergraduate majors in four degree programs: mathematics, applied mathematics, computer science, and computer information systems. The department provides courses to the university's core curriculum and service courses for the College of Education and the College of Business Administration. The starting date is July 1, 2012; salary is competitive and is commensurate with qualifications and experience.

Send a letter of application that outlines the candidate's qualifications, teaching philosophy, and management style; curriculum vitae; unofficial graduate transcripts; and three letters of reference to priggs@valdosta.edu, or by mail to:

Dr. Paul Riggs, Department Head
Department of History
Valdosta State University
1500 N. Patterson St.
Valdosta, GA 31698

The review of applications will begin on November 1, 2011. Valdosta State University is an equal opportunity educational institution. For additional information about the department, please visit the website: www.valdosta.edu/mathcs.
