GOOD TELEPHONE MANNERS

Remember when using the telephone that courtesy pays. In many instances the only contact an off-campus person has with the University is through the voice at the other end of the wire. You have the opportunity to make a friend for Valdosta State University if you will just follow a few simple rules:

- 1 **Always answer promptly, "Valdosta State University."**
- 2 **Always identify yourself, for example: "University Relations, Miss Watkins, may I help you?"**
- 3 **Offer to take a message if the party being called is not in, or ask if someone else might be able to help.**
- 4 **Try to refer callers to the proper University office if you cannot provide the information requested.**
- 5 **Keep phone calls to the point and as brief as possible remembering to be friendly and helpful.**
