## GOOD TELEPHONE MANNERS

Remember when using the telephone that courtesy pays. In many instances the only contact an off-campus person has with the University is through the voice at the other end of the line. You have the opportunity to make a friend for Valdosta State if you will just follow a few simple rules:

1. Always answer promptly, "Valdosta State University."
2. Always identify yourself, for example: "VSU Welcome Center, this is Jared, how may I help you?"
3. Offer to take a message or transfer them to their voicemail if the party being called is not in, or ask if someone else might be able to help.
4. Try to refer callers to the proper University office if you cannot provide the information requested.
5. Keep phone calls to the point and as brief as possible remembering to be friendly and helpful.
