REQUEST TO TAKE COMPREHENSIVE EXAMINATION

All graduate programs require a Comprehensive Examination, or an acceptable substitute. Successful completion of this exam indicates that students have nearly completed their work toward the degree. The Comprehensive Examination may not be taken until all required course work has been completed, or is in the process of being completed. The Dean of the Graduate School shall be notified upon the student's successful completion of this requirement. The College of Nursing requires that all graduate students request to take the Comprehensive Examination at the beginning of the semester in which the test is to be taken (see master calendar for due date for Request). Students should consult with the Graduate Program Coordinator or their academic advisor prior to completing this form in order to validate that all requirements have been met. Dates for the Comprehensive Examination are posted on the College of Nursing master calendar, available on Blazenet.

I understand that the Comprehensive Examination is administered by computer and that I should bring my own disk, CD or jump drive to the testing site. The proctor for the Comprehensive Examination will collect both the hard copy and disk, CD or jump drive copy of my responses at the completion of each content area testing period. I have the option to bring blue books to submit my responses in writing. A separate book must be submitted for each question.
