Subject: Strategic Focus 2010: Update  
 Date: June 12, 2009

=====

Dear VSU Faculty and Staff:

The purpose of this email is to provide the campus with an update regarding Strategic Focus 2010. There has been an overwhelming response to Strategic Focus 2010 with more than 50 proposals moving forward from departments, colleges, and divisions -- this is more than anticipated in the first year. As such, presentations for all proposals is not feasible, therefore the following revisions to the timeline have been made. As you will see in the revised timeline, the process is being expedited so that proposers will have feedback and a response to their proposal before the end of July. This will enable approved projects to begin advancing VSU as soon as possible. Should you have any questions, please contact your Vice President. Thank you for your participation.
