EXECUTIVE COMMITTEE MEETING
JANUARY 31, 2008**

The primary focus of this meeting of the Executive Committee was on the New Generation LiveText as presented by a LiveText representative. This presentation followed a technology report that noted upgrades to the labs in Rooms 240 and 244 of the College of Education. Other labs throughout campus will have memory upgrades. The complete technology report will be available through the link to the official minutes of the Executive Committee meeting.

The upcoming Relay for Life was again noted.
