

PUBLIC SERVICES AND CONTINUING EDUCATION

Mr. Philip D. Allen, Interim Director
903 North Patterson Street

The Office of Public Services, with offices in the Regional Center for Continuing Education, 903 North Patterson Street, administers a number of educational and education-related programs which are presented on the main campus as well as other sites located throughout south Georgia. There are five major divisions in Public Services: Continuing Education, Off-Campus Credit Programs, Distance Education, Satellite Services, and the Evening Program.

The Continuing Education Division oversees professional development programs, leisure-type programs, and children's programs.

The Off-Campus Credit Division is responsible for assessing needs, requesting courses, and carrying out administrative duties involved with credit courses taught at off-campus sites.

The Distance Education Division is responsible for administrative duties involved with classes taught through two-way distance education technology. VSU is part of the Georgia Statewide Academic and Medical System (GSAMS), which is comprised of approximately 400 two-way distance learning sites throughout the state.

The Division of Satellite Services is responsible for producing and transmitting programs via satellite with the VSU satellite uplink. VSU is one of three educational agencies in the state, along with Georgia Public Television and the University of Georgia, with satellite uplink capabilities.

The Evening Program Division aids students who are seeking degrees by attending classes on campus in the evening. Most of these students work during the day.

Public Services programs at Valdosta State are designed to aid residents of south Georgia in continuing their education and to assist adults in resolving problems encountered in their communities. The personnel in Public Services desire to learn of the needs and interests of area residents which can be met best by the university. Efforts are made to identify resources located in the institution and the community to develop educational programs and services to meet adult needs and interests.

OFF-CAMPUS CREDIT PROGRAM

The Office of Public Services administers Valdosta State University's off-campus programs. Each semester, courses are offered in Douglas, Thomasville, Tifton, Waycross, Bainbridge, and other areas as the need arises. In addition, selected undergraduate programs are offered at Moody Air Force Base, Marine Corps Logistics Base in Albany,

and the Naval Submarine Base, Kings Bay. By offering its courses at convenient off-campus locations, Valdosta State assists students in pursuing a college degree, allows teachers to meet certification/recertification requirements, and offers students a means of enhancing their personal and professional development.

For information concerning classes available through this technology, call 229-245-3842.

SATELLITE SERVICES

Through Satellite Services, VSU produces and transmits programs to satellite downlinks located in the state of Georgia and beyond Georgia's boundaries. This unit works very closely with Georgia Public Television to produce programs for the citizens of the state.

CONTINUING EDUCATION NON-CREDIT COURSES

Varied continuing education programs are offered for persons in Valdosta and surrounding communities. The Professional Development Institute presents seminars and courses for persons in professions, business, and industry. Some courses are developed especially to meet the relicensing or recertification requirements of specific professional groups. Other Continuing Education activities include Learning in Retirement, Children's Programs (including SCOPE, Kamp Kids, Fine Arts Academy, and swimming lessons), and Leisure Classes.

CONTINUING EDUCATION UNIT (CEU) RECORDING AND REPORTING

The Southern Association of Colleges and Schools requires the use of the CEU (Continuing Education Unit) by member institutions and provides this definition: "One continuing education unit is ten contact hours of participation in an organized, continuing education experience under responsible sponsorship, capable direction, and qualified instruction." The Office of Public Services administers the implementation of CEU procedures for the University. A permanent record of each participant's CEU credits is maintained, with transcripts available upon request.

EVENING PROGRAM

Valdosta State University Evening Program assists adults in meeting their post-secondary educational needs and is designed specifically for adults who have never attended college or who have interrupted their education because of other commitments. Each semester, Valdosta State University offers a wide variety of evening credit courses leading to a degree. Students may take advantage of 19 different degree choices. Most of the courses are scheduled to begin at 6:30 p.m. and 8:30 p.m., on Mondays and Wednesdays, and on Tuesdays and Thursdays.

Each applicant for the program is counseled by the Assistant Director of Public Services, who is responsible for the Evening Program. All degree programs are administered as integral parts of the University. Admission procedures are the same as those for regular, full-time day students. To register for classes, students must be admitted to the University. Former students who have not been in attendance within the last year and who were in good academic standing at the time of withdrawal are admitted after application to the Director of Admissions for readmission through the Evening Program. Students who have never attended Valdosta State University must apply for admission. For assistance, call 229-245-3842.

COMMUNITY SERVICES

The physical and human resources of the University are available to assist groups in developing education-related programs and in working on the resolution of community problems. Under certain conditions, facilities of the University may be used by civic organizations for programs. University personnel are available as resource persons, consultants, public speakers, or group leaders to serve on community-oriented projects. Inquiries for community service assistance should be directed to the Director of Public Services.

EDUCATIONAL INSTITUTES AND WORKSHOPS

During the year, and particularly in summer months, educational institutes and workshops are organized by University personnel. Institutes and workshops are oriented toward the working adult as a means of providing up-to-date information and techniques in specific areas of endeavor. University personnel welcome suggestions for possible institutes and workshops.

EDUCATIONAL PROJECTS

The resources of the University are available to assist any public school system in south-central Georgia in identifying and resolving problems of the school system or in developing and conducting special studies. The University, through its well qualified faculty and administrators, is interested in working with public schools in the continuing process of improving the quality of education.
