# PUBLIC SERVICES AND CONTINUING EDUCATION

903 North Patterson Street

#### PUBLIC SERVICES

The Office of Public Services, with offices in the Regional Center for Continuing Education, 903 North Patterson Street, administers a number of educational and education-related programs that are presented on campus as well as other sites located throughout South Georgia.

Public Services programs at Valdosta State are designed to aid residents of south Georgia in continuing their education. The personnel in Public Services desire to learn of the needs and interests of area residents that can be met best by the university. Efforts are made to identify resources located in the institution and in the community to develop educational programs and services to meet community needs and interests.

There are three major divisions in Public Services: Continuing Education, Distance Education, and Satellite Services.

# CONTINUING EDUCATION (NON-CREDIT COURSES)

The Continuing Education Division oversees professional development programs, leisure-type programs, and adult and children's programs, for persons in Valdosta and surrounding communities. The division presents seminars and courses for persons in professions, business, and industry. Some courses are developed especially to meet the licensing or certification requirements of specific professional groups. Continuing Education activities also includes Learning in Retirement, Children's Programs, and Personal Enrichment Classes.

The Southern Association of Colleges and Schools requires the use of the CEU (Continuing Education Unit) by member institutions and provides this definition: "One continuing education unit is ten contact hours of participation in an organized, continuing education experience under responsible sponsorship, capable direction, and qualified instruction." Continuing Education administers the CEU procedures for the University.

#### DISTANCE FOUCATION

The Distance Education Division is responsible for faculty training and support of classes using the WebCT Vista online learning platform. The Distance Education Program provides support services to courses offered with off-campus locations using the GSAMS (Georgia Statewide Academic and Medical System) two-way interactive video network using two distance-learning classrooms on campus.

#### SATELLITE SERVICES

The Division of Satellite Services is responsible for creating professional video productions for all aspects of the University, using a broadcast quality digital television facility. The Satellite Services Division also receives programs via satellite and has satellite uplink capabilities. VSU is one of three educational agencies in the state, along with Georgia Public Television and the University of Georgia, with satellite uplinks.

## INSTITUTIONS OF THE UNIVERSITY SYSTEM OF GEORGIA

h—On-Campus Student Housing Facilities

Degrees Awarded; A—Associate; B—Bachelor's; J—Juris Doctor;
