Why were you tested for COVID? 
(If you are/have tested, call HR or your supervisor before reporting to work)

- I was experiencing COVID-19 symptoms.
- I had no symptoms but was curious about my COVID-19 status.
- I was in *close contact to someone who has been diagnosed with COVID-19.

What was the result of your test?

- Positive
- Negative

If you had/have symptoms, you would be considered a presumed positive case.

Do you have COVID-19 Symptoms?

- Positive
- No

Do NOT RETURN TO CAMPUS UNTIL:
24 hours with no fever w/o fever reducing meds AND
Symptoms have improved AND
10 days since symptoms first appeared.

Contact HR for available leave options.

COVID-19 Testing

**Diagnosed – Positive lab test for COVID-19 that indicates recent infection or diagnosed by a health care provider evaluating the person and assigning a diagnosis of COVID-19 based on clinical criteria even if a test result is negative or not available.**
Are you experiencing ANY COVID-19 Symptoms?
They include:
- Fever of 100.4 degrees or more
- Loss of smell or taste
- Cough
- Muscle aches
- Sore throat
- Shortness of breath
- Chills
- New or Unusual headache
- Nausea
- Vomiting
- Diarrhea
- Loss of appetite
- Congestion or runny nose
- Fatigue

Have you been in contact with someone who has been diagnosed with or tested positive for COVID-19 in the last 14 days?

Follow CDC Guidelines:
1. Stay at home
2. Separate yourself from others
3. Call your doctor
Contact HR for available leave options.

No work restrictions needed. Continue to practice social distancing and good hygiene AND watch for symptoms.

Were you in direct or close physical contact:
1. within 6ft from the person
2. for 15 minutes or more

Take your temperature twice a day, watch for symptoms AND self quarantine for 14 days.
Contact HR for available leave options.
