

# COVID-19 Testing

Why were you tested for COVID?  
(If you are/have tested, call HR or your supervisor before reporting to work)

\*Close Contact is defined as an interaction or contact  
1. within 6ft from the person  
2. for 15 minutes or more

I was experiencing COVID-19 symptoms.

I had no symptoms but was curious about my COVID-19 status.

I was in \*close contact to someone who has been diagnosed with COVID-19.

What was the result of your test?

No work restrictions needed. Continue to practice social distancing, good hygiene, and watch for symptoms, unless you test positive.

Were you tested? (Strongly encouraged)

**DO NOT RETURN TO CAMPUS UNTIL:**  
24 hours with no fever w/o fever reducing meds  
**AND**  
\*Symptoms have improved  
**AND**  
10 days since symptoms first appeared.  
  
Contact HR for available leave options.

**DO NOT RETURN TO CAMPUS UNTIL:**  
24 hours with no fever w/o fever reducing meds  
**AND**  
\*Symptoms have improved  
**AND**  
10 days since symptoms first appeared.  
  
If you had/have symptoms, you would be considered a presumed positive case.  
  
Contact HR for available leave options.

**DO NOT RETURN TO CAMPUS UNTIL:**  
You have self isolated for 10 days after the test was collected and you remain symptom free. If symptoms develop during the 10-day period, do not return to campus until: 24 hours with no fever w/o fever reducing meds  
**AND**  
\*Symptoms have improved  
**AND**  
10 days since symptoms first appeared.  
  
Contact HR for available leave options.

Do you have COVID-19 Symptoms?

Do you have COVID-19 Symptoms?

**DO NOT RETURN TO CAMPUS UNTIL:**  
You have self isolated for 10 days after test was collected  
  
Contact HR for available leave options.

**DO NOT RETURN TO CAMPUS UNTIL:**  
24 hours with no fever w/o fever reducing meds  
**AND**  
\*Symptoms have improved  
**AND**  
10 days since symptoms first appeared.  
  
Contact HR for available leave options.

**DO NOT RETURN TO CAMPUS UNTIL:**  
You have self isolated for 14 days from the last contact with the positive or presumed positive person.  
  
Contact HR for available leave options.

## COVID-19 Testing

\*Loss of taste and smell may persist for weeks or months after recovery and need not delay the end of isolation.

\*\*Diagnosed – Positive lab test for COVID-19 that indicates recent infection or diagnosed by a health care provider evaluating the person and assigning a diagnosis of COVID-19 based on clinical criteria even if a test result is negative or not available.

# Guidance COVID-19 Symptoms

This list does not include all possible symptoms. CDC will continue to update this list as we learn more about COVID-19.
