Welcome to Valdosta State, a comprehensive university - meaning we offer associate, bachelor, graduate, and doctoral degrees - that serves the heart of South Georgia in one of its largest cities. We love palm trees, live oaks, fountains, and sunny days on the Front Lawn. Our students love hands on experience, individual faculty interaction, and unique experiences like undergraduate research in the Florida Keys. Settled just fifteen minutes above the Florida state line, VSU offers in-state tuition to residents of Florida, as well as South Carolina, Alabama, and Tennessee.

At Valdosta State, students take learning beyond the classroom. Here, you can participate in research or practice with faculty members as early as your first year. You'll utilize technology from the hospital room to the news room and everywhere in between to gain professional-level knowledge in your field. You can study in over 100 locations around the world, then apply your experience at home. Whatever experience you're looking for, you can find it here.

Quick Facts about VSU's History:

- Valdosta State College became a Regional University within the University System of Georgia on July 1, 1993; its name was officially changed to Valdosta State University. VSU celebrated its centennial years from 2006 to 2013, marking the institution's establishment and opening. VSU became a comprehensive university within the University System of Georgia on July 1, 2013.
- The seven colleges within the University are the College of Science & Mathematics, the College of Humanities & Social Sciences, the Langdale College of Business Administration, the Dewar College of Education & Human Services, the College of the Arts, the College of Nursing & Health Sciences, and the Honors College.
- VSU offers fifty bachelor programs, six certificate programs, one diploma seal program, and three associate programs on the undergraduate level. At the graduate level, VSU offers thirty-two master programs, six education specialists programs, six endorsements, eight certificate programs, five certification programs, and six doctoral programs at the graduate level.
- In 2021, the Commission on Colleges of the Southern Association of Colleges and Schools reaffirmed VSU's regional accreditation as a part of its 10-year review process.

A special act by the Georgia General Assembly established an institution of higher learning in Valdosta, Georgia, in 1906. South Georgia State Normal College opened to young ladies on January 2, 1913 as a two-year college specializing in teacher training. An act by the General Assembly in 1922 changed the institution's name to Georgia State Woman's College at Valdosta and authorized a four-year liberal arts program leading to a bachelor's degree.

In 1950, after 37 years as a woman's college, the Board of Regents of the University System of Georgia approved the coeducational status and a new name for the institution: Valdosta State College. During the following forty-three years, the school grew exponentially in numbers through expanded undergraduate and graduate degree programs. In 1993, Valdosta State College was named a Regional University by the Board of Regents and became Valdosta State University. In 2013 VSU became a Comprehensive University.

As a comprehensive university in South Georgia, VSU collaborates with other University System of Georgia (USG) institutions to provide educational programs to the university's 41-county service region. To expand its programmatic outreach, VSU continues to develop and offer distance learning programs and courses at off-campus locations throughout Georgia and online.
