Manage Devices

Need to add a device? Select **Add**. Was your device lost or stolen? Select your device from the list to manage it.

Number of registered devices: 0/5

Add

5. On the **Manage Devices** page, click the **Add** button.
6. On the **Add Device** page, enter the following information:
 - a. **Device Name:** Type in a name for the device **that you can easily recognize**.
 - b. **Device ID:** Enter the **MAC Address** (also known as **Physical Address**) of the gaming device separated by colons (:). Your device's manual or website for its manufacturer will provide instructions on locating your device's MAC address.
 - c. Finally, click the **Submit** button.
7. When you have added all of your devices and they are listed on the **Manage Devices** page as **Pending**, you should **Logout**.
8. You should now connect your device to the **VSU-Guest** network.

Add Device

To add a new device, enter the device ID, which displays on your device as the MAC or Wi-Fi address. It consists of 6 alphanumeric number pairs separated by colons such as AA:BB:CC:11:22:33.
