# MAIL OVERVIEW

When you log into Office 365, the first thing you'll see is your Inbox. This is where messages sent to you arrive, and this is where you'll probably spend the most time reading and responding to messages.

# Folders

The folder list will show the default folders that are created for all mailboxes, plus any folder that you create.

#### Messages

The message list shows the messages in the current folder. The messages displayed can be managed by selecting a filter or using search.

#### **Reading Pane**

The reading pane is where messages are displayed. Not only can you read messages in the reading pane, you can respond to them without opening a new window.

LOCATION Pine Hall • PHONE 229.333.5974 • FAX 229.245.4349 • WEB www.valdosta.edu/it • ADDRESS 1500 N. Patterson St. • Valdosta, GA 31698–1095

messages section and you can select on one of those to search for that item. Or you can finish entering your own search and then press **Enter** to start your search.

2. To clear your search, click the X Icon appearing on the right of your search bar.

# CALENDAR OVERVIEW

Your calendar lets you create and track appointments and meetings. You can create multiple calendars, link to other people's calendars, and even share your calendar with other people in your organization.

After your Inbox, the calendar is probably where you'll spend the most time when using Office 365.

# **Quickly View Event Details**

You can click any event in your calendar to see a quick view of that event. An event that you create will show you as the creator and have a link to edit or delete the event. A meeting that you've been invited to will show the organizer and include links to respond to the invitation. If the organizer has included an online meeting invitation, you'll see a link to join the meeting.

#### **Calendar Views**

You can view your calendar by day, work week, or month by using the options in the upper right corner.

# To Create a New Event:

- Select new event or double-clicking in the calendar.
   \*An event can be an appointment, a meeting, or an all-day event.
- Enter name in Event: field > Location (optional) > Select Attendees (for meetings) > Start
   Date, Time, and Duration (for all day events, select All day for the Duration).
- **3.** You can also add a reminder for the event, set the event to repeat, and include a description in the content body- however these features are optional.
