

How to Share a Policy from the University's Policy Library

There are three methods to share a Valdosta State University document from PolicyTech:

(1) Provide the link to PolicyTech (<https://valdosta.policytech.com/?public=true&siteid=8>) and instruct the viewer to search for a specific policy title.

OR

(2) Download and circulate a PDF file of the document following the steps outlined in the How to Search document (<https://www.valdosta.edu/administration/policies/documents/how-to-search.pdf>).

OR

(3) Use the stable URL for a specific policy, and copy and paste that link.

Locate the policy and click on the word "Approved"

The screenshot shows the VSU Policies website interface. On the left is a navigation sidebar with 'Documents', 'Search', and 'Browse' options. The main content area is titled 'BROWSE' and shows filters for 'Site: Main Campus' and 'Status: Published'. A list of document categories is on the left, with 'Policies (65)' selected. The main table lists various documents with columns for Type, Title, Actions, Ver #, and Status. A red arrow points to the word 'Approved' in the Status column of the 'Disruptive Behavior' row.
