

# VALDOSTA STATE UNIVERSITY

## SELF GUIDED TOUR MAP

### ACADEMICS

Cross Patterson Street, enter Nevins Hall (23).

Nevins Hall is an academic building housing the departments of Communication Arts, Computer Science, Math, and Geosciences.

**Exit Nevins Hall and go North to West Hall (22).** West Hall is an academic building housing the departments of English, History, Modern Foreign Language, Political Science, as well as the office of the President and Provost.

**Exit West Hall and continue north** to The Bailey Science Center (15). This building houses the departments of Biology and Chemistry. The Bailey Science Center is state-of-the-art with teaching laboratories, classrooms, faculty research laboratories and special use facilities. Classrooms include 48-seat classrooms, one 96-seat classroom and a large 275-seat auditorium for visiting lectures and special events. There is also a greenhouse located on the roof.

### LEISURE AREA

The Pedestrian Mall, Front Lawn, and Palms Quad are areas designed for students to enjoy the outdoors. **Exit the Bailey Science Center back door to the west and you will enter the Pedestrian Mall.** This is the main academic hub of the university and a great place for students to relax between classes, visit with friends or make use of the wireless Internet, which is available throughout the campus

### RESIDENCE HALLS AND DINING FACILITIES

**Pass between the breezeway of Ashley Hall and Reade Hall and you will find two residence halls: Langdale Hall is a 500 bed traditional facility and Georgia Hall is a 500 bed suite-style building.** Directly in front is the Palms Dining Center and Palms Retail (20). VSU's primary dining facility offers innovative well-balanced menu choices (all you can eat) and the retail side offers a Pink Berry Frozen Yogurt, Papa John's Pizza and Moe's Southwest Grill. Other eating establishments around campus include Chick-fil-A, Baja Flats, Seattle's Best Coffee, Einstein Bros. Bagels, Starbucks, and Nathan's Hotdogs.

**To the south of Palms Dining Center is Hopper Hall (20),** a new 500 bed suite-style residence hall. Also located in Hopper Hall is a second full-service dining facility that offers made-to-order grill selections for breakfast, lunch, and dinner.

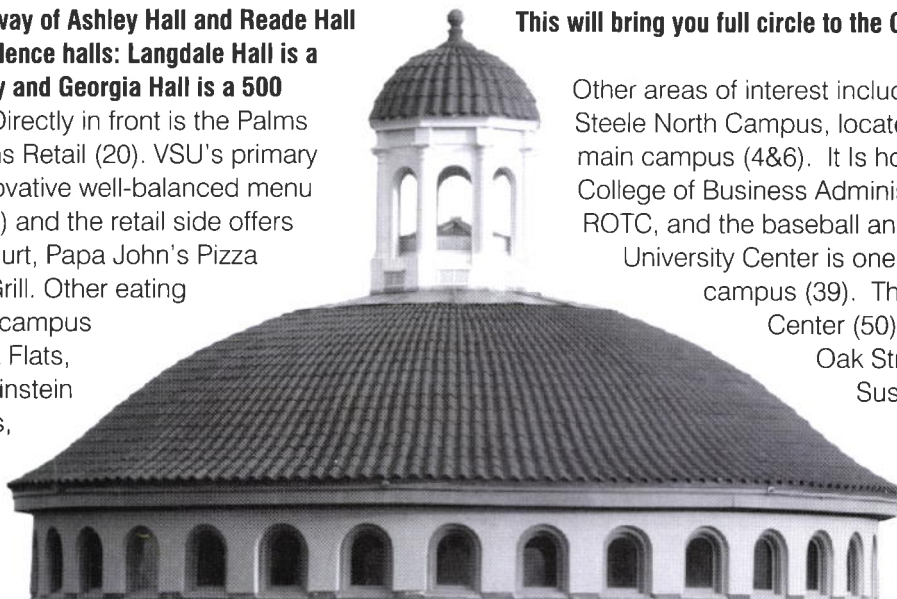

**To the south of Hopper Hall is the new Student Union (30).** The Student Union is approximately 120,000 square-feet and contains a ballroom with seating for 540, a theatre with seating for 350, meeting rooms, student organization and student government offices, bookstore, food court, administrative offices for the Vice President for Student Affairs and Dean of Students, office of Student Life, and student lounge spaces.

**The Odum Library (29) lies east of the Student Union. Enter from the Pedestrian Mall side through the glass doors.** This is the original section of the library that includes computer labs, study areas, and the Information Technology Help Desk. Continue past the help desk and take a right, proceed to the back of the building and enter the new section of the library, which includes computer labs and a 24-hour Internet café. Take a left and exit the library down one flight of stairs and out the back doors.

**The last three residence halls on the tour are located to the east of the library—Lowndes Hall, Brown Hall and Patterson Hall (28).** These residence halls feature traditional style rooms with community bathrooms, which have all been renovated within the last four years.

**This will bring you full circle to the Office of Admissions.**

Other areas of interest include the Rea and Lillian Steele North Campus, located one mile north of main campus (4&6). It is home to the Langdale College of Business Administration, Air Force ROTC, and the baseball and softball fields. The University Center is one block south of main campus (39). The Student Recreation Center (50) is located in front of the Oak Street Parking Deck on Sustella Avenue.
