

**BIOL 1107 Laboratory, Sections C-D
Spring Semester 2015**

Laboratory (BC 1083): **Section C Wednesday 9:00 am-11:50 am**
 Section D Wednesday 1:00 pm-3:50 pm

Instructor: Dr. Cristina Calestani
Office: BC 2085
Phone: (229) 333-7175
Email: ccalestani@valdosta.edu

Office hours:
Tuesday and Thursday 1:30-3:00 pm
Or by appointment (please send an email to my valdosta.edu account with “appointment” in the subject line).

Required Text

R.H. Goddard. 2013. Methods and Investigations in Basic Biology. Sixth Edition. Hayden-McNeil Publishing, Plymouth, MI.

ASSESSMENTS

Online Quizzes. The quizzes will be based on material from the previous lab and the upcoming lab.

- **A new timed quiz will be posted on Blazeview weekly**

A new Quiz will be open at 9 am each Thursday and will be closed at 11:59 pm on the following Tuesday.

- The Instructor will communicate to the class any change to the quiz schedule.
- You will have 1 attempt. Each quiz will have multiple-choice questions with only one correct answer. The order of the multiple answers will be randomized for each student attempt, meaning that the list of the multiple answers might be in a different order for each student. Note that opening a quiz window without answering will count as one attempt and will receive a grade of zero.
- If you miss a quiz you must provide documented evidence (e.g. from doctor, police, etc.) that circumstances beyond your control prevented you from taking a quiz during the time it was open. Malfunction of your home computer is NOT an acceptable excuse. You can take the quizzes from one of the many computers available to students in campus. Failure to provide reasonable evidence will result in a grade of 0 for the quiz. Makeup quizzes will be administered at any time during the semester at the discretion of the instructor.

Lab Assignments. There will be two assignments in the format of laboratory report.

Assignment 1: Independent Microscopy Project

Assignment 2: Investigation of the effects of temperature and pH on enzyme activity

Each assignment is worth 50 points. Specific information for each assignment will be provided during the lab.

Lab Notebook. Students are required to keep a lab notebook in a ½” 3-ring binder. The lab notebook will be used during the weekly lab quiz, and will be turned-in the last day of lab to be graded. Your notebook grade will be based on completeness, accuracy, and order. More information can be found in the lab manual.

GRADES

Quizzes (12): 10 points each (120 points total)
Lab Assignments (2): 50 points each (100 total)
Lab Notebook: 50 points

Total laboratory points: 270

Extra-credits: 10 points max.

Laboratory grade calculation: (Quizzes+ Assignments + Lab notebook + Extra-Credits)/270

Attendance Policy: Laboratory attendance is mandatory. Students who miss three labs, with or without a documented excuse, cannot receive a lab grade above a “D” (60%), and may get a failing grade for the course. Attendance will be recorded at the beginning of each lab (within the first 10 minutes).

There are no make-ups for the laboratories.

If you miss a lab you must provide documented evidence (e.g. note from a doctor) that circumstances beyond your control prevented you from coming to the lab. It is the instructor’s prerogative to accept the excuse or not.

Classroom Accommodations

Students requesting classroom accommodations or modifications due to a documented disability must contact the Access Office for Students with Disabilities located in Farber Hall. For the VSU’s Access Office contact information please see <http://www.valdosta.edu/student/disability/>

Behavior in the Classroom

It is assumed that all students will act in a mature manner in the classroom, showing consideration for their peers and the instructor. Any student who consistently distracts other students or the instructor will be removed from the course. **Cell phones must be turned off or set to silent mode in the classroom.**

Cheating or Plagiarism

Incidents of cheating or plagiarism will result in **an automatic F for the course and referral to The Office of Student Conduct for disciplinary action.** For VSU’s Academic Integrity Code please

see <http://www.valdosta.edu/administration/student-affairs/student-conduct-office/>

For VSU’s Academic Honesty policies and procedure please see

<http://www.valdosta.edu/academics/academic-affairs/vp-office/academic-honesty-policies-and-procedures.php>

Learning Support

☐ **The Student Success Center:** The Student Success Center (SSC) provides free peer tutoring in core courses, the top four of which are math, writing, Spanish, and biology/chemistry. It also offers time management and study skills workshops as well as provides free professional academic advising and on-campus job information in one location: Langdale Residence Hall. Help is available to all VSU students. Call 333-7570 to make an appointment, or visit the website: <http://www.valdosta.edu/academics/student-success-center/>

☐ **Odum Library** provides a variety of services to assist classroom instruction, including library instruction, course reserves, and interlibrary loan. Please see <http://www.valdosta.edu/academics/library/> for further information.

Tentative Laboratory Schedule, BIOL 1107, SPRING 2015**LABORATORY EXERCISES:**

Lab	Day:	Topic:	Due Dates
1	Jan 14	Laboratory Introduction	
--	Jan 21	Martin Luther King Holiday-NO LAB	
2	Jan 28	Ex. 1 "The Black Box"-Introduction to the Use of the Scientific Method	
3	Feb 4	Ex. 2 Basic Light Microscopy	
4	Feb 11	Ex. 3 Observation of Living Cells with Light Microscopy	
5	Feb 18	Ex. 4 Independent Group Microscope Project: Proposal and Data collection (<i>Lab assignment 1</i>)	
6	Feb 25	Ex. 5 Cellular Water Relations	
7	Mar 4	Ex. 6 Protein extraction & quantification	Assignment 1 due by 5 pm
8	Mar 11	Ex. 7 Enzymology: α -amylase activity	
9	Mar 18	Ex. 8 Enzymology: Investigation of the effects of temperature and pH on enzyme activity (<i>Lab assignment 2</i>)	
--	Mar 25	Spring Break-NO LAB	
10	April 1	Ex. 9 Photosynthesis	
11	April 8	Ex. 10 Cell reproduction: Mitosis, Meiosis, & Cytokinesis	Assignment 2 due by 5 pm
12	April 15	DNA fingerprinting: Crime Scene Investigation	
13	April 22	Ex. 14: Transformation of the pGLO plasmid into bacteria- part 1	
14	April 29	Ex. 14: Transformation of the pGLO plasmid into bacteria-part 2	Turn-in Notebooks
