Attendance Policy

- Arrive on time. Students arriving 15 minutes late will have points deducted from their assignments
- Attendance is mandatory. In the event that a student misses a lab with an excuse, s/he should email the instructor within 24 hours of the missed lab. If you miss a lab you must provide documented evidence (e.g. note from a doctor). It is the instructor's prerogative to accept the excuse or not.
- Students who miss three or more labs cannot receive a lab grade above a "D" (60%).
- Laboratories cannot be made up outside of the scheduled sessions. Students are still responsible to learn the lab content even if they received an excused absence.
- It is strongly advised to maintain a laboratory notebook with drawings, descriptions, data etc. because it will help you study for the practical exams.

Laboratory Conduct

- It is assumed that all students will act in a mature manner in the classroom, showing consideration for their peers and the instructor. Any student who consistently distracts other students or the instructor will be removed from the course.
- No eating or drinking during the lab.
- Students must take care of lab equipment. Notify the professor if something is not working properly or if something breaks during the course of the lab.
- Each student will be assigned a microscope. It is the student's responsibility to properly use the microscope. Failure to do so will result in the subtraction of one point per incident from the student's total lab points (not the final percentage).

- Cell phones cannot be used in the laboratory, with the exception of using them as timer when necessary.

Assignments

Assignments will consist of weekly quizzes, take-home assignments, and two practical exams.

Each week there will be a Pre-lab and a Post-lab online quizzes. Pre-labs quizzes will open one week before each lab, on Thursday at 9 am, and will close before the beginning of next lab, on Tuesdays at 11:59 pm. There will be no pre-lab quiz for the first lab of the semester. The post-lab quizzes will open at the beginning of each lab and will close before the beginning of next lab, on Tuesdays at 11:59 pm.

Details about the take-home assignments will be presented in class.

There will be two practical exams, one covering the animal section and one covering the plant section. Questions may include microscope slides, whole specimens and written components. Lab practical exams can only be taken the day that they are scheduled.

Grading

Lab grade

Pre- and post-labs: 243 points

Assignments: 30 points (3 for 10 points each)

Practical exam 1: 100 points

Practical exam 2: 100 points

Total Points: 473

The grade for the laboratory section will count as 25% of your final grade for the entire course (lecture +lab).

Grade Scale

A = 90 - 100 %

B = 80 - 89 %

C = 70 - 79 %

D = 60 - 69 %

F < 60 %
