

**Biology 1040 Organismal Biology Lab**  
**Spring Semester 2020**  
**Biology Department, College of Science and Mathematics**  
**Valdosta State University**

**Instructor:** Christopher Adam Slaton

**Office:** Science Building 1218

**Office Hours:** Friday 10:30am – 12:30 pm or by appointment

**Phone:** Office 333-7951, Biology Dept. Main Office 333-5759

**E-mail:** [caslaton@valdosta.edu](mailto:caslaton@valdosta.edu)

**Classroom:** Science Building 1046

**Midterm:** March 5, 2020. This is the last day to drop this course and receive a withdrawal grade (W).

**Credit Hours:** 1

**Course Description:**

**Bio 1040L Organismal Biology Lab**

**Co-requisite:** **Bio 1030.** This course cannot be taken for credit toward the major in biology. A laboratory course to accompany Bio 1030 lecture, emphasizing the structure of multicellular organisms.

**Course Objectives:** This course is designed to accompany Bio 1030 by presenting exercises that emphasize the processes involved in the development and maintenance of multicellular organisms. The objective of this course is to provide students with a hands-on experience in general biology. Students will participate in the process of scientific inquiry by asking scientific questions, developing hypotheses, predicting outcomes of experiments, collecting and interpreting data and drawing conclusions from the results.

**Learning Goal:** Students will demonstrate understanding of the physical universe and the nature of science, and they will use scientific methods and/or mathematical reasoning and concepts to solve problems.

**Materials:** The lab manual and text are mandatory.

**Lab Manual:** Biology 1040L Organismal Biology Lab by Teresa H. Doscher

- It can be purchased at the VSU Bookstore. It is a loose leaf, 3 hole punched manual so you will need to put it in a small 3 ring binder along with some extra loose leaf paper for taking notes.

This class will also use the following text. The text is available free online in a variety of formats and a print version or mobile app are available to purchase.

**Textbook:** Concepts of Biology from OpenStax College, ISBN 1-938168-11-9,  
<https://openstaxcollege.org/textbooks/concepts-of-biology>

**Attendance:** Attendance in lab is mandatory. **If you do not attend your regular lab section, you must arrange to make-up the lab before the end of the week. This must be in the week the lab is scheduled. As per university policy, a student who misses more than 20% (3 missed labs) of the scheduled classes of a course will be subject to receiving a FAILING grade in the course. If you are late to lab, you will be turned away from the lab. It will be your responsibility to contact me after class to arrange your attendance in another lab.**

**Lab Make-up Policy:** The privilege of making up a lab is not guaranteed. A lab exercise **MAY ONLY BE MADE UP DURING THE WEEK IT IS SCHEDULED.** Students with lab scheduled late in the week must be especially cautious since the number of subsequent labs for the week may be few. Prior to attending another lab, **the student is responsible for obtaining written permission from BOTH his/her instructor and the other lab instructor. It is possible that the other instructor's lab is full and you will not be able to attend that lab.** If this procedure is not followed, the student will be turned away from the other lab. The student should remind the other lab instructor to give a note to his/her instructor verifying the student's attendance. THE INSTRUCTOR WILL DETERMINE VALIDITY OF EXCUSES.  
**ONLY ONE (1) MAKE UP WILL BE ALLOWED PER SEMESTER.**

**Grading:** Your final grade will be determined by laboratory quizzes, laboratory reports, homework assignments and daily participation grades. You will be told at the end of each lab what you will be responsible for the next lab period; whether it be a quiz or homework to turn in. **Quizzes are given at the beginning of each lab. If you are late to class or miss the class, you will not be able to make up the quiz.**

**MAKE UP QUIZZES ARE NOT GIVEN SO DON'T ASK.**

The lowest quiz grade will be dropped when calculating the student's final grade. If you miss the class completely, you are responsible for the material covered that class period and you must be prepared for the quiz the following class period. **I will not accept assignments or a lab report from a class that you did not attend. I will not accept any late assignments either. You will receive a daily participation grade. Therefore, if you are not present you will receive a zero grade for the day.**

**Final Grades:** Final grades are based on the following cumulative point totals:

90 – 100% = A    80 – 89.99% = B    70– 79.99% = C    60 – 69.99% = D    Below 60% = F

**Cheating and Plagiarism:** Academic integrity is the responsibility of all VSU faculty and students. Faculty members should promote academic integrity by including clear instruction on the components of academic integrity and clearly defining the penalties for cheating and plagiarism in their course syllabi. Students are responsible for knowing and abiding by the Academic Integrity Policy as set forth in the Student Code of Conduct and the faculty members' syllabi. All students are expected to do their own work and to uphold a high standard of academic ethics. A student caught cheating on a quiz, lab report, or assignment will receive a grade of zero and may receive a failing grade (F) in the course.

**Each student will be required to complete his/her own lab report or assignment for certain lab experiments.** Many of the experiments will be conducted as groups; however, group lab reports or lab reports identical to others in the class are not acceptable. **If two or more students turn in identical or similar lab reports or assignments, those students will receive a grade of zero on the assignment.**

**Disruptive Behavior:** The academic community is under a strong obligation to protect the campus community from disorderly, disruptive, or obstructive actions which interfere with academic pursuits of teaching, learning and other campus activities. Therefore, any disruptive behavior in the laboratory that interferes with the teaching of the laboratory exercises or disturbs other students or faculty will not be tolerated. **Any student that disrupts the class will be removed from the class and possibly dropped from the course.** This student will also forfeit any points toward his or her grade from that day and will not be able to make up the lab. Refer to the Undergraduate Catalog for more information.

**TEXTING OR USING YOUR PHONE WILL NOT BE TOLERATED DURING CLASS!  
YOU WILL BE ASKED TO LEAVE THE CLASS IF THIS POLICY IS BROKEN!**

**Family Educational Rights and Privacy Act of 1974:** It is illegal to release personal information about an individual to others. **Grades, averages, and other information will not be released to anyone but that individual; therefore, no grades will be posted or given out over the phone or email.**

**Access Statement:** Students with disabilities who are experiencing barriers in this course may contact the Access Office for assistance in determining and implementing reasonable accommodations. The Access Office is located in Farbar Hall. The phone numbers are 229-245-2498 (V), 229-375-5871 (VP) and 229-219-1348 (TTY). For more information, please visit VSU's Access Office or email: [access@valdosta.edu](mailto:access@valdosta.edu).

**Title IX Statement:** Valdosta State University (VSU) is committed to creating a diverse and inclusive work and learning environment free from discrimination and harassment. VSU is dedicated to creating an environment where all campus community members feel valued, respected, and included. Valdosta State University prohibits discrimination on the basis of race, color, ethnicity, national origin, sex (including pregnancy status, sexual harassment and sexual violence), sexual orientation, gender identity, religion, age, national origin, disability, genetic information, or veteran status, in the University's programs and activities as required by applicable laws and regulations such as Title IX. The individual designated with responsibility for coordination of compliance efforts and receipt of inquiries concerning nondiscrimination policies is the University's Title IX Coordinator: Maggie Viverette, Director of the Office of Social Equity, [titleix@valdosta.edu](mailto:titleix@valdosta.edu), 1208 N. Patterson St., Valdosta State University, Valdosta, Georgia 31608, 229-333-5463.

### Extra Help with Coursework

The Academic Support Center (ASC) offers all VSU students free peer tutoring in core curriculum courses, including math, writing (any subject), chemistry, biology, foreign languages and more. Please bring your assignments, textbooks, and homework to tutoring sessions. Also available are free, one-hour seminars for help with study skills, time management, and a variety of other topics. Visit our office on the main campus, located in Langdale Residence Hall, or call 229-333-7570 for an appointment, or visit the website where you can make appointment for yourself ([www.valdosta.edu/asc](http://www.valdosta.edu/asc)).

## **Biology 1040 Lab Schedule – Spring 2020**

\*This is a tentative schedule subject to change at the instructor's discretion.

<b>Week</b>	<b>Date</b>	<b>Lab Exercise</b>	<b>Pages</b>
1	Jan. 13 - 16	Syllabi / Laboratory Safety Guidelines / Laboratory Expectations	
2	Jan. 20 - 23	<b>MLK Holiday on Jan. 20. No labs this week</b>	
3	Jan. 27 - 30	Exercise 1: Biological Macromolecules	1 - 6
4	Feb. 3 - 6	Exercise 2: Osmosis and Diffusion	7 - 16
5	Feb. 10 - 13	Exercise 3: Photosynthesis	17 - 20
6	Feb. 17 - 20	Exercise 4: Plant Physiology (begin experiment)	21 - 22
7	Feb. 24 - 27	Exercise 5: Deoxyribonucleic Acid Isolation and Gel Electrophoresis Exercise 4: Plant Physiology (record data)	27 - 30 21 - 22
8	March 2 - 5	Exercise 5: Deoxyribonucleic Acid Isolation and Gel Electrophoresis <i>continued</i> Exercise 4: Plant Physiology (record data)	27 - 30 21 - 22
9	March 9 - 12	Exercise 4: Plant Physiology (Finish experiment)	21 - 22
10	March 16 - 20	<b>Spring Break - No labs this week</b>	
11	March 23 - 26	Exercise 6: Senses	31 - 36
12	March 30 - April 2	Exercise 7 - Metabolism and Fermentation	37 - 42
13	April 6 - 9	Exercise 8: Microscopy	43 - 46
14	April 13 - 16	Exercise 10: Circulatory System - part 1	55 - 57
15	April 20 - 23	Exercise 10: Circulatory System - part 2	58 - 60
16	April 27 - 30	Exercise 10: Circulatory System - part 3	61 - 63
