Bachelor of Fine Arts – Art Education

Updated 08/22/2019

Dear Art Education Major:

The Bachelor of Fine Arts with a major in art education prepares students for initial art education certification (P-12). The program is designed to prepare professional art educators with the knowledge, skills, and experiences necessary to be successful in an array of potential career choices, from the art studio classroom, to a museum education setting, to graduate school. Art educators inspire students around the world, playing a vital role in the lives of children and adults who are interested in art. The Art Education program at Valdosta State University equips students with the knowledge, skills and experience to become professional art educators or to enter a variety of other professions. Students majoring in art education at Valdosta State take many of the same core classes as students in the general art program but have additional opportunities to gain invaluable teaching experience that will shape their future careers.

This academic map is a term-by-term sample course schedule. The milestones listed below each term are designed to keep you on course to graduate in four years. Sample schedules are provided as general guideline to help you build a full schedule each term. Courses must be selected with your academic advisor to satisfy all core and major curriculum, as well as meeting accreditation standards such as NASAD (National Association of Schools of Art and Design), edTPA (Education Teacher Performance Assessment), CAEP (Council for the Accreditation of Educator Preparation) and GaPSC (Georgia Professional Standards Commission) requirements. The National Art Education Association (NAEA) and Georgia Professional Standards Commission (GaPSC) provides program standards, curricular guidelines, and assessment tools that help to ensure a quality program in art education.

The Art Education program within Valdosta State University is accredited by the National Association of Schools of Art (NASAD). This program is 132/3 hours; a student must average between 16 and 18 hours each semester in order to graduate within a four-year period or take 6 hours over two or three summer school sessions. CORE and Education courses may be taken during the summer, however, ART, ARTH, and ARED courses are typically offered during the academic year only. Students who complete the major in Art Education will graduate with a Bachelor of Fine Arts - Art Education degree.
