Bachelor of Fine Arts – Art**

Updated 09/22/2019

Dear BFA Art Major:

Artists have an eye for beauty, a vision for creativity and a knack for originality and use these skills and others to create commercial or fine art pieces in various mediums. Art students at Valdosta State University build their portfolios while developing the knowledge and skills necessary to pursue careers in art-related fields or to continue their studies at the graduate level.

The Bachelor of Fine Arts degree is a professional degree program that prepares the student for competency in art and art-related careers and provides opportunities for further in-depth research and study in art and design. In any of many possible roles, the professional must exhibit not only technical competence, but also broad knowledge of art and design, the ability to integrate knowledge and skills, and an insight into the role of art and design in intellectual and cultural life.

The BFA with a major in art is a comprehensive degree, which focuses on a common body of knowledge and skills in art studio and art history coursework. Students enrolled in this Bachelor of Fine Arts degree are expected to develop the knowledge, skills, concepts, and sensitivities essential to the professional life of the artist or designer. This is a 120-hour degree program. Students who complete the major in art will graduate with a Bachelor of Fine Arts degree.

This academic map is a term-by-term sample course schedule. The milestones listed below each term are designed to keep you on course to graduate in four years. Sample schedules are provided as general guideline to help you build a full schedule each term. Courses must be selected with your academic advisor to satisfy all core and major curriculum, as well as meeting accreditation standards such as NASAD (National Association of Schools of Art and Design). The Art program within Valdosta State University is accredited by NASAD.
