New Business

- I. Brief Overview of Current Context in VSU Art Education
 - a. Discussion of possible curriculum changes in response to Governor Kemp's plan to reduce the teacher shortage.
 - b. Introduction of the Pedagogy-Only Program discussed by the COEHS and its potential impact on VSU Art Education
 - c. Summary of the GaPSC's requirements for field experiences.
 - d. Discussion of Jessica Booth's State of the Arts in Georgia information. It was suggested that we share the DOE lesson plans for Visual Arts with our students.
- II. Discussion of Possible Curriculum Revisions
 - a. Brainstorming about how to best provide a sequenced curriculum at VSU, provide quality field experiences in the appropriate grade bands before Clinical Practice and how to best support our mentor teachers and students.
 - b. Discussion about the possibility of transitioning to a MAT program with current constraints and changes in the educational landscape in the state of Georgia.
 - c. Brainstorming session about how a studio course using K-12 art materials would benefit students.
 - d. It was suggested that students earn more experiences with camps during the summer and have better understanding of classroom management before they student teach.
- III. 2018-2019 Assessment Results
 - a. Shared edTPA, GACE Content Knowledge and Candidate Survey for Program Improvement Assessment Results with Advisory Board. We discussed that small sample size is hard to draw inferences from and it was suggested that we share more information about edTPA with mentor teachers. Before clinical practice in the future, teachers have asked for more information about the rubrics, commentaries, and process in general.
