 Courses should be taken in order – this is when they are available.

Earning grades below “B” in graduate courses will result in the following consequences: Students will be dismissed from the Graduate School if they accumulate three or more academic deficiency points unless otherwise indicated by individual program policy. A grade of “C” (although it may be credited toward a degree) equals one deficiency point. A grade of “D,” “WF” or “F,” or “U” (none of which will be credited toward a degree) equals two deficiency points.
