

Valdosta State University (VSU)
Harley Langdale Jr. College of Business Administration (LCOBA)
Department of Accounting
Undergraduate Mission Statement

The Department of Accounting supports the VSU and LCOBA mission by preparing our diverse undergraduate student body to become ethical professionals equipped to compete in the global accounting environment. To achieve this, our faculty will:

1. Provide a quality undergraduate education which causes students to critically think through face-to-face and online learning environments.
2. Contribute to the enhancement of the learning process that provides for both expansion of knowledge of the subject matter, and facilitates contributions to applied research, thus preparing the student for professional success.
3. Engage business and professional organizations at the local and regional levels in an effort to help attract, develop and place students.
4. Pursue continuous improvement in teaching, research and service in order to maintain high quality standards of the Department.
