

Program Map

B.S.Ed.

Communication Sciences and Disorders
Valdosta State University

Program Overview

The curriculum leads to a baccalaureate degree in Communication Sciences and Disorders. This program map is a semester-by-semester sample course schedule. The sample serves as a general guideline to help you build a full schedule each semester. Your courses must be selected with your academic advisor to satisfy all course curriculum and other requirements. Once you start in the last two years of the program, it is important to take courses as listed since they are typically only offered once per year. The Communication Sciences and Disorders major is a specialized admission major. All students must meet the program requirements listed below. There is no minor or concentration in Communication Sciences and Disorders. Program Requirements: Students must maintain a GPA of 3.0 prior to enrolling and must maintain an overall 3.0 GPA after admission. If the GPA falls below 3.0, after the first semester of their junior year, the student will be placed on a one-time probationary semester. If the GPA is not raised after the second semester of their junior year, the student will not be allowed to continue in the program.

Year 1

First Term	Hours	Second Term	Hours
ENGL 1101 Composition	3	ENGL 1102 Composition II	3
CHOOSE ONE: MATH 1111 College Algebra	3	INQR Ethics in Tech Suggested	2
MATH 1101 Intro Mathematical Modeling		Arts, Humanities, & Ethics elective	3
INQR Medical Terminology Suggested	3	PSYC 1101 Intro to General Psychology	3
CHOOSE ONE: ENGL 2111 World Lit I: The Ancient World	3
