

The tables on page two outline a possible course progression for the Teacher Leadership program. Although the course progressions are provided below, please consider the following when considering an adequate course load for you.

Professional Obligations — Are you a coach, student organization advisor, new teacher, or commute a long distance to work?

Personal obligations — Are you actively involved with your community, church, or social organization? What are your commitments to family and friends?

Financial Aid— Typically, students need at least 6 credit hours to qualify for financial aid. Thus, students typically enroll in two courses (6 credit hours), Please check with the Official of Financial Aid about your personal financial aid award.

Although you will find a possible course sequence plan below, it is imperative for you to create a personal plan based on your personal and professional obligations. When creating your personal plan, be sure to use your Program of Study that outlines the semester the courses are offered. There are some courses that are only offered **twice** a year. Also, **please check the pre-requisites for the courses**. If you are pursuing an endorsement, be sure to review the electives information to see when the courses for the endorsement are offered. If you would like for me to review your personal plan feel free to email it to me. Please complete your personal plan on the Program of Study.

***Please note that summer and fall are the only terms that the Teacher Leadership program can be completed in 3 semesters, due to when EDET 5999 has to be completed and when the Teacher Leadership Residency courses are offered.
