

Hello everyone,

First of all, thank you for attending **the Meet, Eat, and Greet with Dr. Reiner**. The company of each other was enjoyable as we learned from Dr. Reiner. Tips from him can be found on the **Psi Chi** on the bulletin board in the back of room 3012

Today, September 25, our President started off the meeting reminding the club of upcoming events.

**The Mock GRE** is **this Friday** and has roughly 50 people participating. Dr. Browne will need help in scoring each section as he leads the group through the test. If you can come at **2:00pm to room 1302** to assist him and speeding the test along, please do. You may also come up to 30 minutes later than that time, if it is more helpful to your schedule

**Getting into Grad School- Are you Prepared?** Is an event that will happen in the same room at **2:00pm room 1302 next Thursday**. The president mentioned that someone from each of our four divisions will be there including speakers for

- Clinical-Counseling
- Industrial-Organizational
- School Counseling
- School Psychology

as well as guest speakers from

- Marriage and Family Therapy
- Social Work.

**The Progressive Dinner** is still in the making. It will be held **in October** although the dates are being worked out with our host professors. The club was mildly in favor of Friday over Saturday but generally agreeable to whichever date was decided between the two.

**The Haunted Trail**, hosted by the Ropes Course, is offering volunteer opportunities on campus at the REC center. Please come set up the props. You may also feel free to set aside time as Halloween-themed actor on the trail at the time of its debut. In November, they will need volunteers for their Turkey Chop. Both of these events will count towards your community hours. Please e-mail your president, **Taylor Butenschon** to sign-up [tbutenschon@valdosta.edu](mailto:tbutenschon@valdosta.edu).

**The next speaker** for the Psych Club will be from Industrial/Organizational Psychology.

## Psych Club Matters of Concern

Different T-shirt vendors are being considered on two factors:

1. **How much revenue it would bring** to the club because of cheap prices
2. How important it is to have **T-shirts of higher quality**.

If you would like to favor a particular factor and thus help the club decide- please e-mail your secretary, [Gina-Marie Guyette](mailto:gaguyette@valdosta.edu), at [gaguyette@valdosta.edu](mailto:gaguyette@valdosta.edu). The deadline for t-shirt payment was postponed another week.

Different banner designs were shown to the club with an overwhelming preference for the first, a simple, centered design with our slightly transparent emblem in the background of “Psych Club” and the red/black version of the VSU emblem at the bottom (west hall). We are going to be using Media services for this banner and intend to have it laminated to last for many years to come.

**Danielle Fawaz**, who was hosting a Get Well Basket for Dr. Whatley, would like to show all of you that your contributions were well used. By Friending her on Facebook, you may see the photos of the finished basket. **Speaking of Dr. Whatley**, his get-well card, which was posted on the 2<sup>nd</sup> floor across from his office is now on its way to cheer him on. The doctors say that his injury is localized to where he hit which is a great sign of overall prognosis.

### Upcoming events also posted on the bulletin boards:
