

Reflecting Team Reflection Paper: Grading Rubric

Each student is expected to write a reflection paper about this process and how this process has facilitated their learning about (groups, systems, leading groups, process, being a therapist, reflecting teams). For this assignment you need to include **write a two page reflection paper**. The reflection should discuss what you observed while you were in the role of a reflecting team member, **NOT** when you were the leader or group member. In the reflection you should **integrate** how what you observed during the group or during the post discussion is related to the ideas that are discussed in the **readings**. Students who do **NOT** integrate the readings throughout the reflection cannot receive a grade above a C. *Submit an electronic copy to blazeview and a Hardcopy should be submitted in class.*
