**Course requirements and resources**

This course assumes that you are familiar with Valdosta State University’s online learning technologies. The course is designed for the online learning environment and all course activities will take place inside the course website in BlazeView. Distance learning support is available from VSU. Please see: [http://www.valdosta.edu/vista/students.shtml](http://www.valdosta.edu/vista/students.shtml)

All required readings are summarized on the course calendar and listed in full on the reading list and in the weekly folders. All readings other than the textbook chapters are accessible through Valdosta State University’s Odum Library online journal access or through public access websites or will be provided inside the course website in pdf format.
Students are expected to be able to obtain materials from the Odum Library’s electronic collections and resources or their equivalents as part of their successful participation in this course. An online services guide for distance education students is on the Odum Library web site at http://www.valdosta.edu/academics/library/services/distance-education.php

Supplemental readings and resources may be listed on the course website by topic. They are, by definition, not required but can help you broaden and deepen your understanding of topics of interest to you and of the subject area of the course in general. They may be of great help to you in successfully completing the course assignments.

Assessment Portfolio and Your Subscription to LiveText

There are a number of assessments in the MLIS Program developed to meet ALA accreditation requirements on student learning outcomes. These assessments are part of all the MLIS core courses plus certain electives. LiveText is the software that the MLIS Program currently uses to keep track of these assessments, and all MLIS students are REQUIRED to purchase access to the LiveText system. The LiveText subscription is not tied to when you entered the program or to when you plan to graduate. If you purchased LiveText for a previous course, continue to use that account. If you do not have an account, instructions for subscribing to LiveText are on the course website. Once you purchase your subscription to LiveText, it is good for up to five years. You will also have personal access to other LiveText features you may find useful once you have your subscription. Please consider the purchase of your LiveText subscription as you would the purchase of any other textbook or piece of software required for a course.

Course Activities:

Course activities include a set of readings, assignments (e.g., consultant report, case studies, and group projects), and online discussions. Details for each week are posted in the appropriate folder on the course website. It is the student’s responsibility to check the course calendar for DUE DATES for all class work and the weekly folders and assignment folders for all required and supplemental readings and other materials. Full descriptions of all required course work are provided in the assignments section of the course website.

Technological Requirements:
As this is an online course that also focuses its attention on online information services, students must have almost daily access to the Internet. That access will use email and the web (through the student’s browser) for class-related communication. As mentioned above, it is expected that each student will be capable of dealing with PDF files and MS Words documents.

Course Grades
Students can earn a maximum of 100 points in this course as indicated above.
Course grades will be awarded as follows:

A – 90-100  
B – 80-89  
C – 70-79  
D – 60-69  
F – Fewer than 60 points

NO grade below a C will be credited toward a VSU graduate degree. To be eligible to receive an A in the course a student must complete every assignment.

Reminder: This is a core course, and those of you admitted fall 2012 or thereafter must earn a grade of “B” or better in this course in order to receive credit for it. Those same students must successfully complete each assignment marked as “necessary to fulfill requirements for this course.”

An overall grade of zero can be assigned to an entire paper or project if the instructor determines that its contents, or parts of its contents, were completed by a second party or copied into a paper or project from a source without proper citing. Noncompliance with rules on appropriate use of resources will result in zero credit for those parts of the assignment affected. If you are unsure about the parameters of an assignment, ask for clarification.

Submitting your Written Work

All written work is due on the date and time specified in the course calendar. Any exceptions must be negotiated in advance. Technological crises are not an acceptable excuse for submitting work late unless BlazeView is down.

Late work: 20% will be deducted from the student’s score for every additional 24 hours or increment thereof that the work is late.

All written work must be submitted through the BlazeView course website using Word Document. All written work file names should begin with your last name and include the assignment name as the file name, for example: yang_bestmgr.doc

University Policies

Academic Honesty at Valdosta State University
Valdosta State University expects that graduate students will pursue their academic endeavors and conduct themselves in a professional and ethical manner. All work that a student presents to satisfy course requirements should represent his or her own efforts, including appropriate use and acknowledgement of external sources.

Specific regulations related to student conduct and behavior are contained in the [Student Handbook, Student Code of Ethics](http://www.valdosta.edu/academic/AcademicHonestyPoliciesandProcedures.shtml). Please acquaint yourself with the full policy at [http://www.valdosta.edu/academic/AcademicHonestyPoliciesandProcedures.shtml](http://www.valdosta.edu/academic/AcademicHonestyPoliciesandProcedures.shtml).

It is your responsibility to make sure you understand how to avoid breeches of academic integrity. The instructor posts rules for citing, quoting, and appropriate use of resources for assignments that require written compositions, reviews, or commentary.

Noncompliance with rules on appropriate use of resources will result in zero credit for those parts of the assignment affected. If you are unsure about the parameters of an assignment, ask for clarification.

Asking librarians or staff in a library to provide answers or to conduct research to fulfill any part of a graded course requirement is an infraction of academic integrity. The same policy applies to contacting any free or commercial reference service for assistance with a graded assignment.

An overall grade of zero can be assigned to an entire paper or project if the instructor
determines that its contents, or parts of its contents, were completed by a second party. This, of course, does not apply to group projects that require collaboration on a final product.
