Evaluations can take into account attendance, participation, preparation, and performance to date, and the like. As stated in the VSU Bulletin, "Students officially withdrawing from a course prior to midterm will receive a "W" for the course. After midterm ... it is the instructor who determines whether the grade awarded is "W" (withdrew passing) or "WF" (withdrew failing). The grade of "WF" is equivalent to an "F" and is calculated in the grade point average." The professor may at his discretion withdraw a student who is not academically performing to the point of being successful.

SOI responses are anonymous, and instructors will be able to view only a summary of all responses two weeks after they have submitted final grades. While instructors will not be able to view individual responses or to access any of the responses until after final grade submission, they will be able to see which students have or have not completed their SOIs, and student compliance may be considered in the determination of the final course grade. These compliance and non-compliance reports will not be available once instructors are able to access the results.
