COURSE ACTIVITIES/ASSIGNMENTS/REQUIREMENTS

Apprenticeship dates: TBD

This course is evaluated with many performance assessments. It is important that you view each assignment as an opportunity to demonstrate evidence that you understand important pedagogical knowledge as outlined by the InTASC Standards. You should demonstrate insight and depth of understanding and go well beyond a superficial “participation” assignment.

Professional Membership in the National Council of Teachers of Mathematics. The benefits of joining a professional organization include having access to current trends in teaching and specific subject areas, teaching tips, professional affiliation, and opportunities to attend conferences. Additionally, membership in a professional organization demonstrates your commitment to the profession and you desire to grow professionally. The National Council of Teachers of Mathematics (NCTM) is the professional organization for mathematics educators. As a future mathematics educator, you will join NCTM via a student membership. You will also receive a free membership in the Georgia Council of Teachers of Mathematics.

Professional Organization Website Review. Professional organizations provide a wide range of support for teachers - - content, teaching materials, teaching strategies, professional development, opportunities
for collaboration and leadership, and publications. You will review resources and information provided on the National Council of Teachers of Mathematics website.

**Professional Literature Review.** You will overview an issue of NCTM’s journal for middle grades mathematics teachers, *Mathematics Teaching in the Middle School* following the provided guidelines.

**Lesson Plans.** Twice during the semester, you will research, select, and plan a *mathematics lesson* that addresses all required lesson elements. For each lesson plan, you will use the MSRD approved lesson plan format. Lesson plans should indicate the appropriate connections to the Common Core Georgia Performance Standards. You may obtain strategies from professional journals, professional books, class discussions, or your independent study.

**Designing a Learning Environment.** Middle grades educators must create learning environments that encourage positive social interaction, active engagement in learning, and self-motivation. You will design your own learning environment. This assignment will be uploaded to your LiveText Portfolio under Standard III: Learning Environments.

**Clinical Practice Planning and Teaching.** For each field experience clinical session in a middle school classroom, you will follow specific instructions for that session. After the session, you will answer the analysis questions and submit them as requested.

**Teaching Simulations.** You will prepare and present a given mathematics topic, with appropriate manipulatives and assessment, to a group of classmates (2 simulations @ 5 points each).

**Calculator Activity Design and Implementation.** You will design and teach a calculator-based activity. Guidelines for preparing this activity will be provided in a separate handout.

**Mathematics Foldables Creation and Implementation.** You will create two foldables, will present one of them to the class, will use both of them in clinical experience, and will assess their effectiveness.

**Notebook and Participation.** A 3-ring notebook will be kept for MGED 4100. In the notebook will first be the Syllabus and the Course Schedule, followed by two tabbed sections: Class Notes and Handouts and Assignments. Materials in the notebook should be organized chronologically within each section. Dated class notes must be evident for each class meeting and handouts, exercises, and activities related to the lesson should be kept with the notes for that class. Keeping the notebook allows you to collect and organize a file of mathematics learning materials which should prove valuable as you prepare for student teaching and to enter the teaching profession. Notebooks will be turned in for scoring. They are due Tuesday, April 29, and will be returned on Thursday, May 1. Please see the attendance policy for specific information on absences and late assignments. The grade for Notebook and Participation includes the notebook itself kept as directed, attendance, evidence of preparation and planning for class, demonstrated ability to interact effectively with peers, completing an equal share of group assignments, and adequately completing clinical experiences.

**COURSE EVALUATION**

No Program Key Assessments are designated for this course

A = 90-100, B = 80-89, C = 70-79, D = 60-69, F = < 60

*Positively Impacting Learning Through Evidence-Based Practices*
ATTENDANCE POLICY
Students are developing professionals and are therefore expected to attend all classes and field experiences. Punctuality is also essential. Students who are absent from 3 or more classes may fail the course. Multiple tardies will count as absences.

PROFESSIONALISM
The following areas describe the professional expectations for all preservice students in the Department of Middle, Secondary, Reading, and Deaf Education.

Professionalism - Ethics
Educators are professionals guided by ethical commitments to their students, their families and to the communities in which they work. (See: The Code of Ethics for Educators at http://www.gapsc.com/Rules/Current/Ethics/505-6-.01.pdf). Professional values of teachers include respect, integrity, collaboration, active participation, building alliances, resolving conflicts, and reflective, intellectual inquiry. It is expected that future teachers conduct themselves with the professionalism that is required of practicing teachers. If at any time a student’s actions or attitudes are judged to be less than professional appropriate remedial action will be taken. You will participate in the Code of Ethics training conducted at Lowndes Middle School during the first week of the semester.

Professionalism – Dress code
In this course, classes are held in public schools. Professional dress code is required.

Professionalism - Communication
Effective written and verbal communication skills are critical to you as a professional educator as you interact with students, colleagues, administrators, and parents. Those individuals whose communication skills (verbal or written) indicate a need for assistance will be referred to the appropriate services on campus.

Professionalism - Assignments
All assignments should conform to the professional standards expected of university students. Papers must be typed, double-spaced in an appropriate font style and size with no spelling or grammatical errors. Assignments will be graded on content, composition, spelling, punctuation, and grammar. In papers, ideas obtained from sources must be documented using APA style. Proofread and correct papers before they are submitted.

Professionalism - Diversity
Professional educators are expected to embrace diversity. A variety of materials and instructional strategies will be used to meet the needs of different learning styles of diverse learners in the class. Students will be provided with opportunities to gain the knowledge, skills and understanding to provide effective instruction in multicultural classrooms. Mutual respect for people of diverse characteristics, beliefs, and abilities should be evident for all teacher candidates.

Professionalism - Technology
As part of our conceptual framework, the College of Education is committed to preparing professional educators who are technology competent. As a result, technology has been infused into our education courses.
**Professional Improvement Plan**

The purpose of the Professional Improvement Plan (PIP) process is for faculty to identify students who may need remediation or intervention to successfully complete the professional requirements for their program of study. For more information see the [Professional Improvement Plan Process](http://www.valdosta.edu/colleges/education/deans-office/policy-statement-of-plagiarism.php) on the COEHS website.

**DEWAR COLLEGE OF EDUCATION & HUMAN SERVICES POLICY ON PLAGIARISM**

**DEPARTMENT OF MIDDLE, SECONDARY, READING, AND DEAF EDUCATION**

**STATEMENT ON ACADEMIC INTEGRITY**

Educators are professionals guided by ethical commitments to their students, their families and to the communities in which they work. (See: The [Code of Ethics for Educators](http://www.nea.org/home/30442.htm).) Professional values of teachers include respect, integrity, collaboration, active participation, building alliances, resolving conflicts, and reflective, intellectual inquiry. Future teachers should conduct themselves with the professionalism that is required of practicing teachers.

- In assignments and discussion postings, you should never provide names or identifying information about other people (students, other professionals, or parents). For confidentiality, you should use pseudonyms for students and should not identify schools unless you are using information that is publically available.

- All assignments should be your own original work, not group work. If you use ideas from other sources, you must provide a full citation using APA style – name(s) of author(s); date of publication or retrieval date; title of article/book/web page; name and location of publisher (book), name of journal, or URL of website. Do not share your work with others. If student A uses work from student B with or without permission, both students receive zero grades for the assignment.

**DESCRIPTION OF ACADEMIC DISHONESTY**

To ensure there are no chances for students to misunderstand what constitutes plagiarism, cheating, or prohibited collaboration across the University System of Georgia, this section will describe in some detail the behaviors which are viewed as academically dishonest.

While students are likely to understand plagiarism as stealing someone’s words as their own, there are many types of plagiarism.

- **Stealing Verbatim:** This is exactly as it sounds. If, when composing an assignment, students take a sentence, a portion of a phrase, or even a unique expression which is not theirs, and submit it as their own (without quoting the original source), they have committed plagiarism. **Sentences that are verbatim or nearly verbatim (more than 70% match) should be both quoted and cited.**

- **Use of Professional Resources Without Acknowledgement.** Students may not use published professional resources, including lesson plans, learning activities, or PowerPoint presentations, without citing the source.
• **Misquoting:** If, when composing an assignment, students directly quote a source and cite it, but alter the author’s words to strengthen their argument, they have committed plagiarism.

• **Paraphrasing or Summarizing Without Citing:** An allowable practice in academia is for students to take an author’s words, change the words (without changing the meaning) so that it better fits their narrative. Paraphrasing goes beyond changing a couple of words. However, even when paraphrasing or summarizing another author’s words, students **must** cite that original source. If they do not cite the original source, they have effectively stolen the original author’s idea and have committed plagiarism.

• **Duplicating Publication:** Students may not reuse or recycle any previous assignments used in another course, or in any other published venue, without the explicit permission from the course instructor. The instructors in the Master’s Degree Program in Curriculum and Instruction do **not** allow students to reuse or recycle their assignments in any course. If students have done this, they have committed plagiarism.

• **Duplication of Peer Student Work:** Students may not submit assignments that duplicate in whole or part the work of other students, with or without the other student's express consent or knowledge.

**Note:** Assignments in this course may be checked electronically for plagiarism.

By taking this course, you agree that all required course work may be subject to submission for textual similarity review within BlazeVIEW and GOML. For more information on the use of Turnitin at VSU see [Turnitin for Students](http://www.valdosta.edu/academics/academic-affairs/vp-office/turnitin-for-students.php).

**STUDENT OPINION OF INSTRUCTION**

At the end of the term, all students will be expected to complete an online Student Opinion of Instruction survey (SOI) that will be available on BANNER. Students will receive an email notification
through their VSU email address when the SOI is available (generally at least one week before the end of the term). SOI responses are anonymous, and instructors will be able to view only a summary of all responses two weeks after they have submitted final grades. While instructors will not be able to view individual responses or to access any of the responses until after final grade submission, they will be able to see which students have or have not completed their SOIs, and student compliance may be considered in the determination of the final course grade. These compliance and non-compliance reports will not be available once instructors are able to access the results. Complete information about the SOIs, including how to access the survey and a timetable for this term is available at http://www.valdosta.edu/academic/OnlineSOIPilotProject.shtml.

**DIRECTIONS FOR USING LIVETEXT**

**How To Submit Portfolio Assignments in LiveText**

*Note:* These directions apply only to assignments visible on your dashboard AND required as part of your portfolio.

*Note:* Lesson Plans assessed after supervisors have observed in the field in MGED 4620, MGED 4790, MSED 7021, MSED 7041, MSED 7005, and MSED 7006 are **not** included in your portfolio. Follow separate directions for submitting these lesson plans for your university supervisor to assess.

All portfolio submissions should follow a **basic process:**

1. Load your assignment into the appropriate page of your portfolio.
2. Complete the four-part description of your artifact, explaining how it provides evidence that you have met COE’s Conceptual Framework Standards.
3. Hide all pages except the current assignment.
4. Submit the portfolio (single page visible).

**Directions for submission:**

**First, you need to edit your portfolio to include the new assignment**

1. Click on Documents tab
2. Open your portfolio
3. Open the page for the current assignment under the Table of Contents
4. Click the “Edit” button of the Description and Rationale section
5. Complete the four-part description of your assignment as a portfolio artifact. Narrative in the last three sections should consist of a substantive paragraph.
   a. The **Description** section can be very brief.
   b. In the **Rationale** section, explain how the assignment provides evidence that you meet selected indicators for the standard. Each of the standards with indicators is included as a separate page within your portfolio.
   c. In the **Impact** section, describe how the skills or knowledge you learned from this assignment will impact your students' learning.
   d. In the **Reflection** section, describe what you have learned from the process of completing this artifact and how it will influence your professional practice.
6. Towards the bottom there is a File Attachment(s) section, click “Edit”
7. Select “Upload New File,” click Choose File, and browse for your file on your computer
8. After the file loads, Click “Save & Finish”
Then, you hide all pages except the current assignment
The assessor should see only the single page of your portfolio.

9. Select Manage Pages.
10. Click on the box next to Title to select all pages.
11. Click on the box next to the current artifact page to unselect it.
12. Select Hide Pages: Save and Finish.

Then, you need to submit the portfolio:
14. Near the top of the screen, select the Dashboard tab
15. Find the assignment and click on the corresponding Begin Assignment button
16. On the Assignment page, click on the Attach Files button. (Note that you will not be able to submit until you have attached at least one file.)
17. Click on the LiveText Documents tab to find your portfolio. Do not click on Browse.
18. Click “Attach Selected Files”
19. Type any optional comments you wish to send to the instructor and click Submit Assignment when you are finished.
   - A confirmation that your assessment has been successfully submitted will appear and the assignment status on your dashboard will change to Awaiting Assessment.
   - Each submission is saved as a snapshot of what you sent. Any further changes you make to your portfolio will not affect what you have already submitted.
   - If you do not submit your assignment correctly, Your instructor will send it back to you for resubmission.

If you have to resubmit your assignment:
1. Find the problem and fix any problems with your portfolio. See comments from your instructor. There are two common problems:
   a. Submitting the assignment and not the portfolio (see #17 above).
   b. Not hiding pages of your portfolio other than the current assignment page (see #9-13 above). Check that only one page is visible.
2. From your Dashboard tab, find the relevant assignment and click on Continue Assignment. This allows you to see previous submissions and messages from your instructor.
3. Click on Continue to Step 3 in the top right corner.
4. Remove any of the previous attachments by clicking in the red "X" button next to each file.
5. Under Step 2 of 3, you will see "Have you already created files of LiveText documents for this assignment?" Click on Attach files, then follow directions 17-19 above.
