

# June 2022 Speaker Series

## Schedule

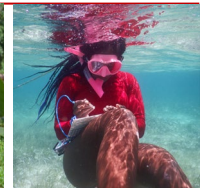

Date	Time	Topic
June 2	7:00p ET	<b>My Superhero Power Is Resiliency</b>  How are you doing? What are your challenges? What questions do you have about life, academics, STEM, etc.? Let's talk. This session will give students the opportunity to voice their challenges and struggles, hear from others, and share their perspectives while learning strategies to build resiliency to succeed in all areas of life. All questions and challenges are welcome! <b>Click to register</b> <a href="https://bit.ly/SSSuperPower">https://bit.ly/SSSuperPower</a>
June 7	7:00p ET	<b>STEM Career Pathways in Conservation Sciences</b>  Come join the conversation with professionals working in different areas of conservation. Attendees will learn about the academic and career pathways of the panelists, how the panelists decided on their chosen careers, and get tips on being successful in STEM, regardless of career path or field. <b>Click to register</b> <a href="https://bit.ly/SSConSci">https://bit.ly/SSConSci</a>
June 22	7:00p ET	<b>STEM Biomedical Pathways in Graduate School</b>  Are you interested in both STEM research and medicine? Join the conversation with current graduate students in various Ph.D./MD or Ph.D. programs in biomedical sciences. Learn more about what these programs are, the typical application and degree completion timeline, as well as get insights on how to decide if these degree programs are right for you. <b>Click to register</b> <a href="https://bit.ly/SSBiomed">https://bit.ly/SSBiomed</a>

Creml Burney, MAEd

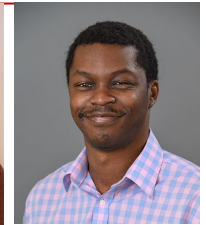

Gautam Surya, PhD

Carlee Jackson, MS

Daisy Diaz-Rohena

Jared Smith

<https://bit.ly/SSConSci>

**Silvia Alvarez-Clare, PhD**

Director of Global Tree Conservation  
Morton Arboretum

**Carlee Jackson, MS**

Director of Communications,  
Sea Turtle Research Associate  
Minorities in Shark Sciences  
(MISS), New College of  
Florida

**Gautam Surya, PhD**

Conservation Planning  
Scientist, Forest, and Climate  
Change, Wildlife Conservation  
Society

## Collaborators

The Louis Stokes Midwest Regional Center of Excellence (LSMRCE) is funded by the National Science Foundation (NSF) award numbers HRD-1826626 (IUPUI) and HRD-1826719 (CSU)(2018-2023).

June 2022 Speaker Series

# Biomedical Pathways in Graduate School

Wednesday, June 22, 2022  
7p ET

Are you interested in both STEM research and medicine? Join the conversation with current graduate students in various Ph.D./MD or Ph.D. programs in biomedical sciences. Learn more about what these programs are, the typical application and degree completion timeline, as well as get insights on how to decide if these degree programs are right for you.
