

MAED 4500
Departmental Course Syllabus

<p>MAED 4500 Curriculum and Methods for Teaching Secondary Mathematics 3 Credit Hours Nevins Hall Mathematics Department Valdosta State University</p>
--

Prerequisite: MAED 2999, MAED 3500 with a “C” or better, and Senior Standing. This is a checkpoint course.

Required Texts:

Sample Textbooks:

Posamentier, A.S., Smith, B. S., & Stepelman, J. (2009). *Teaching Secondary Mathematics: Techniques and Enrichment Units*, 8th ed. Boston: Allyn & Bacon.

Brahier, D.J. (2009). *Teaching secondary and middle school mathematics*, 3rd ed. Boston: Allyn & Bacon.

Ornstien, A. C., Lasley II, T. J., & Mindes, G. (2005). *Secondary and Middle School Methods*. Boston: Pearson.

Software: Graphing calculator, Geogebra software/The Geometer's Sketchpad software, Microsoft Excel.

Course Description: A study of the characteristics of the high school mathematics learner and the development, implementation, and assessment of activities for grade 9-12 learners including the use of technology. Students will assess grade 9-12 learners and develop and implement appropriate curriculum and activities. Instructional methods for individual learners and whole-class strategies will be examined. A field experience with a minimum of 100 hours is required and integrated into this course.

These field experiences provide pre-service teachers with an understanding of designing instruction to facilitate mathematical learning for all students in the classroom. The university supervisor will assess the effectiveness of the teacher preparation student's teaching behaviors, and develop strategies to improve the teacher preparation student's instructional effectiveness.

Student Learning Outcomes:

By the time you finish this course, you should know (understand) and be able to do the following:

1. Demonstrate an understanding of secondary school students and how they learn mathematics. (InTASC S1, S2).
2. Demonstrate competency in planning activities that incorporate a broad understanding of mathematical learning outcomes. (InTASC S4, S5, S6, S7, S8).
3. Plan and implement instruction based on state standards and the National Council of Teachers of Mathematical Standards. (InTASC S4, S5, S6, S7).
4. Understand, choose, develop, and use effective means of assessing individual learner's

- performance and knowledge. (InTASC S4, S5, S6, S7).
5. Choose, develop, and utilize appropriate curriculum and activities based on assessment of the individual learners. (CFS I, II, IV, V).
 6. Choose, develop, and utilize inquiry-based, problem-centered activities. (InTASC S3, S7, S8, S7).
 7. Evaluate, select, and implement instructional materials and resources, including technology, as appropriate. (InTASC S7, S8).
 8. Become involved in appropriate professional organizations to deepen their knowledge of mathematics and maintain current knowledge of developments in mathematics education. (InTASC S9, S10).

Assessment: The instructor will provide a syllabus to the students to address the requirements of the course, including attendance, in-class activities, out-of-class assignments, and student evaluation. A comprehensive final exam will be given at the time scheduled by the registrar. Students will be evaluated on the basis of written and oral communication skills in mathematics.

Required Assessments (to meet department, university and accreditation requirements):

- Assessment of secondary mathematics learners' mathematical knowledge project(s)
- Development and implementation of lesson plans
- Demonstrate an impact on learning (implementing lesson plans, pre/post test to show growth)
- Comprehensive final exam
- Professional dispositions
- Additions to the electronic portfolio

Other Assignments Determined by the Instructor:

- Professional readings and reading responses
- In-class participation and discussion
- Class assignments
- Quizzes
- Unit exams

Sample Description of Components:

Exams: **30%**

There will be 3 exams given during the semester each counting worth 10% of your course average. The content of the exams comes from the material presented in the course through readings (text and additional readings), test exercises, assignments, in-class notes, and in-class activities.

Final Exam: **20%**

A comprehensive final exam will be given at the time schedule by the registrar.

Teaching/Implementing Lessons: **20%**

Individually, you will perform model lessons. The lessons will include an assessment component (pre-test and post-test). At least one lesson must include a technology component. Individually, you will prepare and hand in a typed lesson plan that would permit someone else to do the same thing you were planning to do. Instructions should be written out for each activity and the complete set of questions, sentences, etc. should be included. Keep a copy for yourself, post a copy to your electronic portfolio, and turn one into the instructor at the time of your lesson. You will be evaluated on how well your plan is organized and how well you implement your written lesson plan.

Professional Readings:**10%**

You will select an article for a peer-reviewed journal about a topic appropriate for course objectives. You will complete an sQR (s=short summary of the article, Q=questions about article for class discussion, and R=reflection about article). You will also lead a small class discussion about the article you selected.

Professional Growth:**10%**

You will attend a professional meeting. A one-page paper describing the activity and at least 2 people met will be turned in after the meeting.

Quizzes/Reading Responses:**10%**

You will have weekly quizzes and/or reading responses about the readings and/or class discussions.

Student Evaluation:

Sample Grade Components:

Exam 1	10%
Exam 2	10%
Exam 3	10%
Final Exam	20%
Teaching/Implementing Lessons	20%
Professional Readings and Reflections	10%
Professional Growth	10%
<u>Quizzes/Reading Responses</u>	<u>10%</u>
TOTAL	100%

Attendance & Tardiness: Field Experience. Teacher candidates must be in the school each day for the hours scheduled. Teacher candidates who arrive late, leave early, or are absent without prior notification are subject to removal from the school setting. Teacher candidates will document attendance on a time sheet that will be verified and signed by the mentor teacher and submitted to the university supervisor at the conclusion of the field experience. There should be no absences during the field experience. If absences are necessary, due to emergencies or illness, the school/mentor must be notified at the earliest possible time via the telephone. You must also notify your VSU supervisor if you have to be absent from school; it is acceptable to use e-mail for this purpose. The teacher candidate should schedule appointments or other business so as not to interfere with regularly scheduled practicum hours.

Professionalism: As a teacher candidate, you are expected to conduct yourself in the professional educator role as defined by the Georgia Professional Standards Commission Code of Ethics for Educators. Failure to follow the Code of Ethics will result in disciplinary actions through the College of Education Concern Form process.

Academic Integrity: "Academic integrity is the responsibility of all VSU faculty and students. Faculty members should promote academic integrity by including clear instruction on the components of academic integrity and clearly defining the penalties for cheating and plagiarism in their course syllabi. Students are responsible for knowing and abiding by the Academic Integrity Policy as set forth in the Student Code of Conduct and the faculty members' syllabi. All students are expected to do their own work and to uphold a high standard of academic ethics." Full information on Academic Honesty at VSU is available at <http://www.valdosta.edu/academics/academic-affairs/vp-office/academic-honesty-at-vsu.php>.

Turnitin, a plagiarism prevention tool, is available to all faculty through BlazeVIEW, VSU's online course management system. All faculty should include the following announcement in their syllabi: "By taking this course, you agree that all required course work may be subject to submission for textual similarity review to Turnitin, a tool within BlazeVIEW. For more information on the use of Turnitin at VSU see Turnitin for Students at <http://www.valdosta.edu/academics/academic-affairs/vp-office/turnitin-for-students.php>.

Access Statement: Students with disabilities who are experiencing barriers in this course may contact the Access Office for assistance in determining and implementing reasonable accommodations. The Access Office is located in Farbar Hall. The phone numbers are 229-245-2498 (V), 229-375-5871 (VP) and 229-219-1348 (TTY). For more information, please visit VSU's Access Office or email: access@valdosta.edu.

Title IX Statement: Valdosta State University (VSU) is committed to creating a diverse and inclusive work and learning environment free from discrimination and harassment. VSU is dedicated to creating an environment where all campus community members feel valued, respected, and included. Valdosta State University prohibits discrimination on the basis of race, color, ethnicity, national origin, sex (including pregnancy status, sexual harassment and sexual violence), sexual orientation, gender identity, religion, age, national origin, disability, genetic information, or veteran status, in the University's programs and activities as required by applicable laws and regulations such as Title IX. The individual designated with responsibility for coordination of compliance efforts and receipt of inquiries concerning nondiscrimination policies is the University's Title IX Coordinator: Maggie Viverette, Director of the Office of Social Equity, titleix@valdosta.edu, 1208 N. Patterson St., Valdosta State University, Valdosta, Georgia 31608, 229-333-5463.

InTASC Model Core Teacher Standards*

(To be used for all teacher preparation program courses. Identify those that apply specifically to this course).

Standard #1: Learner Development. The teacher understands how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.

Standard #2: Learning Differences. The teacher uses understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.

Standard #3: Learning Environments. The teacher works with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self-motivation.

Standard #4: Content Knowledge. The teacher understands the central concepts, tools of inquiry, and structures of the discipline(s) he or she teaches and creates learning experiences that make the discipline accessible and meaningful for learners to assure mastery of the content.

Standard #5: Application of Content. The teacher understands how to connect concepts and use differing perspectives to engage learners in critical thinking, creativity, and collaborative problem solving related to authentic local and global issues.

Standard #6: Assessment. The teacher understands and uses multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher's and learner's decision making.

Standard #7: Planning for Instruction. The teacher plans instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, and pedagogy, as well as knowledge of learners and the community context.

Standard #8: Instructional Strategies. The teacher understands and uses a variety of instructional strategies to encourage learners to develop deep understand of content areas and their connections, and to build skills to apply knowledge in meaningful ways.

Standard #9: Professional Learning and Ethical Practice. The teacher engages in ongoing professional learning and uses evidence to continually evaluate his/her practice, particularly the effects of his/her choices and actions on others (learners, families, other professionals, and the community), and adapts practice to meet the needs of each learner.

Standard #10: Leadership and Collaboration. The teacher seeks appropriate leadership roles and opportunities to take responsibility for student learning, to collaborate with learners, families, colleagues, other school professionals, and community members to ensure learner growth, and to advance the profession.
