

Secondary Education Track of the B.A. in Mathematics Map

This map is a term-by-term *sample* course schedule. The milestones listed below each year are designed to keep you on course to graduate in four years. A sample schedule is provided as a general guideline to help you build a schedule each term. Your course must be selected with your advisor to satisfy all core curriculum and state, lab science, multicultural and certification requirements. Prerequisites for mathematics course are shown in parenthesis in red.
