

DPA Mission Statement

Providing students with the advanced knowledge and skills they will need to excel as leaders in the 21st century.

DPA Values:

1. An integrated cross-disciplinary approach to the study of public administration.
2. The study of advanced methodological, theoretical, and managerial skills.
3. The application and management of information and new technologies.
4. The promotion of diversity.
5. The advancement of ethical standards and civic responsibility.
