\* This internship would be good for someone who is truly passionate about helping children and can handle exposure to abuse and neglect. It would be great for someone who does not want to sit in an office all day and who can deal with a lot of paperwork. Someone who is organized, detailed, empathic, strong, passionate, and hardworking would have a great experience as an intern at Lowndes County DFCS.\* \*If you do not like being away from an office and are not a "people" person, then this internship is not for you. If you are not organized, empathic, do not want to deal with the legal system, and deal with other people's problems, please don't apply.\*
